HILL CLAIMS

WALLOWA R.
HOMESTEAD
(S. R.) DIST.

Hill Claims.—South of the MacDougal group are a number of claims on which there is a variety of rocks belonging to the greenstone series. One of them, although locally called “monzonite,” undoubtedly belongs to the greenstone series. Its exact original character was not determined. Although considerable development has been done in this rock the more favorable parts of this group are those places where the conditions are similar to the MacDougal and Ballard claims.
