Closed January 1

Lime—(Special)—The Oregon Portland Cement company's plant at Lime discontinued operations on the first.

The plant, which leaves a large number of men unemployed, will remain closed indefinitely.

**DEVELOPING COMMERCIAL
LIME ROCK DEPOSIT**

Jack Prescott of Baker has been busy the past few days, having interested prospective operators in a large lime deposit near Nelson siding south of Baker and near Durkee.

It is understood quite a few men are employed on the site, although the Baker man could not be contacted to learn the nature of the operation.
