

WESTERN LIME

DURKEE DISTRICT:

Is 3-1/2 miles southeast from shipping point, Durkee, on the Union Pacific and Old Oregon Trail. Consists of 24 placer claims, recorded in Baker county; country rock is limestone; lime is of unlimited proportions and is valuable for all uses for which good lime is used. The Idaho Power line is built across these claims. Water can be had for manufacturing purposes from the Burnt river which flows through at this point. Report by J. H. Prescott.
