

State Department of Geology and Mineral Industries

702 Woodlark Building
Portland, Oregon

Moorehead Group (gold)

Sparta Area

Baker County

Owner: Moorehead, Baker, Oregon.

Location: Near Surprise Spring in T. 7 S., R. 44 E.

The Moorehead group consists of 14 claims lying in the Sparta District on which the owner, Moorehead, is applying for patent. The examination for patent is being made by William H. Friedhoff, mineral examiner for the Forest Service. Several of these claims were examined while in the company of Mr. Friedhoff and no open ore accessible workings were found. The patent is being applied for on workings that were done by former companies and appears to be desirable only from the fact that there is a good stand of timber in this section. No new work was seen on any of the claims visited.

Property visited July 22, 1941.
