FLYING CLOUD MINE (Gold)

Sumpter District

Location: In the extreme northwestern part of Baker county, North Powder district, sec. 5 (probably) T. 8 S., R. 37 E. It is reached by the way of Sumpter.

History: Up to 1931 there had been no reported production.

Geology: The deposit is a quartz vein in quartz diorite. Metallic minerals are pyrite and chalcopyrite.

Development: One short tunnel is reported.
