Mr. F. W. Libbey
State Department of Geology and Mineral Industries
702 Woodlark Building
Portland, Oregon

Dear Mr. Libbey:

Thank you very much for the logs of the holes. I forgot to ask you if I could also have the assays of the samples collected from the seven holes drilled at the Port Orford State Park by Paulsen and Stephenson last year. I have the logs of these seven holes.

I am hoping to stop over in Portland when I return to the coast and am looking forward to seeing you then.

Sincerely yours,

Alta
