REQUEST FOR INSPECTION OF PROPERTY

by

State Department of Geology and Mineral Industries

400 East I Street
Grants Pass

702 Woodlark Building
Portland

2102 Court Street
Baker

PLEASE READ THIS CAREFULLY BEFORE FILLING IN BLANKS

Every blank should be completely filled in. The reasons are that: We cannot examine all of the properties we are asked to examine because we do not have enough engineers to go around. Our funds and personnel are limited. It costs the State a substantial amount for the examination of your property. We are just as anxious to examine it as you are to have us do so. Therefore, in order that there shall be no loss of time, we must know exactly where your property is, how to get to it, where to meet you or someone who can take us in, and how much there is to be seen. You'd be surprised how often people, in directing us to their own properties, give directions which are not clear or which are confusing or incomplete. Sometimes we lose hours or a full day which could have been saved if the blank had been properly filled in. Please give us a break and put down all the dope!

Fill in accurately all the following blanks as fully as possible (even if the answer is "No"), and mail this form to the office address above, nearest to your property. A field engineer will then get in touch with you and arrange for the trip.

Date 194

Inspection requested by: Owner of property:

Name: *Henry H. Abbott* Name:

Address: *Rt. 1, Box 74, Redmond* Address:

What is property commonly called?

What is your own interest in property? Location of property:

Owner: Partner: County: Postoffice:

Lessee: Other Section: Township: Range:

What is the problem that is bothering you most? In other words, is it geological, metallurgical (milling), mining, how to continue exploration, financial, or what?

Any value to pumice? Other minerals?

Visited black sand & pumice
