

Lobicasa Company
Lord + Bishop Dredge

Mining Journal
June 30, 1940.

A dredge capable of handling 60,000 yards of gravel a month was installed in Douglas County near Roseburg, Oregon. The property lies along the Umqua River and an estimated 3,000,000 yards of gravel are available. Operation of the dredge will be by the **Lobicasa Company**, recently organized by Lord and Bishop and the Carlson and Sandburg interests. The four controlling owners are H. S. Lord, A. F. Bishop, Lewis Carlson, and John Sandburg. The company also operates one dredge in California and one in Arizona. Mail should be addressed to Box 812, Sacramento, California.
