

STATE DEPARTMENT OF GEOLOGY  
AND MINERAL INDUSTRIES

1069 STATE OFFICE BUILDING  
PORTLAND 1, OREGON

April 30, 1956

Mr. Max Schafer  
State Assay Laboratory  
Grants Pass, Oregon

Dear Max:

Enclosed is a new permit for our friend at Riddle. He has been granted permission to suspend his present operation until October 31. This permit should be kept confidential. However it is permissible to give the location, lessee and company name to anyone who inquires.

It might be a pretty good idea if in the near future you would pay a call on Mr. Parnell and call to his attention that it is necessary to keep a formational log on the well, also samples for this Department.

Regards.

Sincerely yours,

Director
