BTR-10AA -

This is a black and white aerial photograph showing a wide river valley. A river winds through the center of the image, starting from the bottom left and moving towards the top right. The riverbanks are lined with dense, dark vegetation, likely forest. The surrounding terrain is a mix of light and dark patches, indicating different types of land cover or topography. The image has a grainy texture and some white artifacts, possibly from the scanning process or the original print. In the top right corner, there is a small white box containing the text 'BTR-10AA -'. In the top left corner, there is some faint, partially cut-off text that appears to be '8-5-60'.
