HALEY CLAIM (Gold)

Quartzburg District

Quartzburg Area

Owners: J.E.Haley and Bradford, Prairie City; Ida and Robert Odell, Klamath Falls.

Location: Located on west side of West Fork of Dixie Creek 100 yards above the forks in the SW $\frac{1}{4}$ sec.11, T.12 S., R.33 E.

Development and History: A 35-foot shaft was sunk a number of years ago on a high grade stringer and a tunnel was started to cut the vein at creek level about 400 feet below the outcrop.

In 1938 a 150-foot crosscut was started which cut the vein 100 feet below the outcrop. Some ore was milled in 1940.

Geology: The country rock is a fresh-looking very fine-grained quartz hornblende diorite, intruded by several small porphyritic dikes. The vein is from 8 inches to 2 feet in width at the outcrop and strikes N.20° E., standing almost vertical.

Informant: J.E.A. (10/16/38); H.K.L. (10/30/40).
