

December 23, 1937

Mr. Earl K. Nixon
704 Lewis Bldg.
Portland, Oregon

Dear Mr. Nixon:

In looking over the assay reports I find that one of the obs Bros. Mine samples was indicative of commercial possibilities.

I wonder if you would have Mr. Mackay describe the samples so that I may place the descriptions within the copy of his report.

Thankin' you, I am

Very truly yours,

Albert V. Quine
Mining Geologist
