

Princess mine

The Mining Journal October 15 1938

William L. Merritt of Susanville, Oregon, reports that while the Princess mine near Susanville is idle now, development will be undertaken this coming winter.

Values are in gold and silver. A small
• milling plant is on the ground.

The Mining Journal August 30 1937

Having made satisfactory mill runs in the sampling plant at the **Princess** mine near Susanville, in Grant County, Oregon, operators are planning to install a larger mill. The property was recently acquired by Portland interests and is under the management of William L. Merritt, Railway Exchange Building, Portland. Principal values are in gold.
