

Harney Co # 28

State Department of Geology and Mineral Industries

702 Woodlark Building
Portland, Oregon

Rabbit Hole Group (Cinnabar)

Fields Area

Harney County

Owner: Ora Doan, M. M. Doan and D. E. Wheeler, all of Fields, Oregon.

Location: About five miles south of Fields, Oregon.

Area: Six unpatented claims.

General Description: The property is developed by a 40-foot shaft and pits and trenches. The shear zone, which appears to be about 3' wide, strikes north and south and dips 50 degrees east. The country rock appears to be an altered andesite and mercury is disseminated through it in the shear zone.

There is a small two-tube incline retort on the property. Production for 1940 was one flask. *(now single - FF 1941)*

The elevation is about 4800 feet and the hills in the particular locality rolling. No timber or water is on the claims.
