

MARKER KVANDER LAND

~~Mark Kvander~~

Hood River . Hood River County

OWNER: Edward Poirier , Route # 2 Hood River, Oregon

AREA AND LOCATION: Six and one half acres of orchard land located in sec. 11, T 2 N., R 10 E., W M. It is 3 miles south of Hood River and on the west of Hood River.

GEOLOGY: The soil of the orchard land is about 50 feet deep and lies on basalt. A few granite boulders are scattered over the property.

REMARKS: A small amount of gold has been found in a creek adjacent to the property. This caused Mr. Poirier to wonder if his land had placer possibilities. It is valueless as a placer deposit, but appears to be good orchard land.

INFORMANT: Edward Poirier and H. K. L. 6/8/40
