

Black sands are being handled by L. R. Gordon of Gold Hill, Oregon, operating as the **Gold Hill Recovery Company**. The sands are treated by amalgamation and fine grinding.

Oregon Ore Reductions
Gold Hill Dist.

Miner's Journal May 15, 1940

The **Oregon Ore Reductions, Inc.**, a new concern, has established offices at Gold Hill, Oregon, and plans to extract flour gold from black sands. The plant to be constructed will have a daily capacity of from 30 to 50 tons. Dr. T. P. Morgan of Detroit, Michigan, is president and John E. Winters is field superintendent, now at Gold Hill.
