Mr. John A. Baxter,  
116 North Third Ave.,  
Walla Walla, Washington.

Dear Mr. Baxter:

Your letter to the Chamber of Commerce has been referred to this Department for reply. As nearly as I can check, the property you have in mind has been known as the Lively quarry. Mr. Lively operated it for a number of years, supplying limestone to various users. The quarry has been abandoned, and the workings caved. To all intents and purposes, the deposit of limestone is worked out.

We appreciate your courtesy in forwarding the data to us, and if we can be of further assistance to you please feel free to call upon us.

Yours very truly,

Ret  
cc: Chamber of Commerce.

Ray C. Treasher,  
Field Geologist.

Chamber of Commerce  
Grants Pass, Ore.

Gentlemen:

Enclosed is a description of the Gold Hill Limestone Placer  
Calim of 160 acres on Kanas Creek. It was the intention use this limestone  
in the manufacture of Cement about the time the Plant was buult at Gold H  
Hill and also the one at Oswego, Ore. For cement purposes in a going  
mill it was value@d at \$100,000. Last year it was bargained by a broker who  
tried to sell it to the United Carbon Co. for \$100,000. A subsidiary of t  
that Company are oijg to build a \$2,500,000 plant at Portlnd soon.  
The price offered to me is \$5,000 if the sale is made. If there is any  
way to make quick disposal of this property, use your way of handling it.  
I am 65 years of age and do not feel able to take dare of it.

yours truly

*John A. Baxter*
