Mr. J. W. Bradley
6484 Rogue River Hwy.
Grants Pass, Oregon 97526

Dear Mr. Bradley:

I am enclosing a copy of the assay results on the sample from the Veteran (Owl Hollow) prospect. The results are not too encouraging for the material in the narrow vein at that point.

If you have any questions about where to do further exploration stop in at our office.

Very truly yours,

N.V. Peterson
