

ROXY ANN COAL COMPANY

Jacksonville area

Operator: John Watson.

General: Oregon corporation: Frances Leland, Pres.; A. E. Reames, Sec., 412 Liberty Building, Medford, Oregon. Capitalization, \$5000; property, 120 acres of patented coal land, SE $\frac{1}{4}$ of SW $\frac{1}{4}$ and SW $\frac{1}{4}$ and NE $\frac{1}{4}$ of SE $\frac{1}{4}$ of sec. 15, T. 37 S., R. 1 W. No activity.

A mining engineer's report says:

".....John Watson,.....opened some 800 feet of tunnel and exposed one bed or 15 feet thickness of coal. There is a good quality of coal here, showing good heat value. Close banding indicates good pressure and the coal comparatively free from impurities. No marketing was done, due to an injunction served in 1918, since which time no operations have been carried on. As this property would have to be reached over a mile of unsurfaced road and heavy grade, it is not given consideration for present purposes."

The report is not dated.

Informant: Hugh C. Ingle, mining engineer.

BLANK B—ANNUAL REPORT

This report must be properly executed and filed with the Corporation Commissioner on or before July 1, 1933, in order to entitle a corporation mining for any of the precious metals, coal, or prospecting or operating for oil, or operating an oil well, to pay a license fee of only \$10. If not so filed, such corporation must pay the same license fees as are required to be paid by other corporations for gain.—Section 25-244, Oregon Code 1930.
