Dear Al:

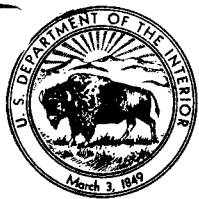

Returned herewith is Warren Hobbs' write up on Oregon tungsten. I've taken the liberty to make several changes and some additions of properties that have been discovered in the last few years.

Please feel free to make any changes or deletions in my additions.

With best regards,

E. A. Magill
Mining Engineer

Memorandum

To: E. A. Magill, Supv. Physical Scientist, Seattle
Nonmetallics Lab, Seattle, Washington

From: R. Neil Roby, Mining Engineer, Area VII

Subject: Tungsten in Oregon

I made a trip down to southwestern Oregon November 10-16, and examined a number of the tungsten deposits. Would like to discuss these with you when you come over for the convention.

Also, will you bring with you, the information that you have on other tungsten deposits in Oregon.

Dear Mac:

Re. our conversation when you were in Spokane, I am enclosing a copy of Warren Hobbs' write-up on tungsten for our Oregon report. I would appreciate it if you would look it over and let me have your comments. If you have any additional information, we would be glad to include it.

With best regards,

ae
