NORTH CENTRAL CLAIM (gold)

Upper Applegate area

Owner: Gerald Buck, Jacksonville, Oregon.

Location: On ridge between French Gulch and Squaw Creek. Thirty miles southwest of Medford in sec. 31, T. 40 S., R. 3 W. There is no road to property. The claim is approximately half a mile by trail northwest of the Old Pacific States Mines. Elevation, 2400 feet.

Area: 1 unpatented lode mining claim.

History: Located by present owner in 1926. Yearly assessment work is the only development work which has been done.

Geology: Pyrite and chalcopyrite occur in schist as replacement bodies. The general strike of the vein is N. 45° E. and dips approximately 75 degrees. The ore shoots are very small and no commercial tonnage has been developed. The owner has never had any assays made.

General: No water is available. Timber is plentiful. There is no equipment. Topography is mountainous. Maximum snowfall is 4 feet.

Informant: J.E.M., October 5, 1938.
