Dear Sir:

I am in receipt of your letter of the 18th, asking for information on some of my mineral lands in Josephine County.

The Vindicator Mine which you referred to, belongs to me, but I would suggest that you get in touch with Virgil Goff of Leland, Oregon, for the desired information. He has worked in this mine practically every since its opening and lives near there. He can give you more information than any one else.

I do not have any information on the Magnolia Claim in Section 24, Twp. 34 S., Range 8 W.

I have a number of other mineral properties, these being located as follows:

SW $\frac{1}{4}$ of Section 2, Twp. 35 S., Range 5 W., known as part of the Orpheno Groupe.

120 acres in Section 32, this being the N $\frac{1}{2}$ of the NW $\frac{1}{4}$ and the SW $\frac{1}{4}$ of the NW $\frac{1}{4}$, Twp. 33 S., Range 7 W.

There are some good indications on a 280 acre tract in Section 34 and 347 acres in Section 23, Twp. 35 S., Range 7 W.

The W $\frac{1}{2}$ of Section 18, Twp. 34 S., Range 6 W. and NW $\frac{1}{4}$ of Section 20.

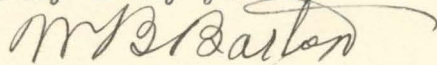

I have been informed there is a very good deposit in Section 18 and probably 20, of the above.

There is a good showing in the W $\frac{1}{2}$ of the SE $\frac{1}{4}$ and the E $\frac{1}{2}$ of the SW $\frac{1}{4}$ of Section 22, Twp. 35 S., Range 5 W. This is a quartz proposition.

I have been informed that the NE $\frac{1}{4}$ of Section 22, Twp. 34 S., Range 5 W., on Jack Creek, has a good showing.

I do not have the reports on any of these and am sorry I can not give you any more information, but as stated above, Mr. Goff can give you a full report on the Vindicator Mine.

Very truly yours,

W. B. BARTON

I would be glad to receive any reports or maps of property and will see that they are safely returned to you as soon as we have secured the information we need.

Thanking you in advance for your information, I am,

Yours very truly,
