Schleigh Placer Status of Placer Operations for 1947-48 Season

(Old Jason Placer)

Mr. W. C. Schleigh

Coyote Creek  
Sec. 19, T.33S., R5W

Hydraulic-small operation using 1 giant. Has only operated a few hours this season thus far but should be operating steadily by the end of the year. Mr. Schleigh states that he will continue to operate on a limited scale until the cost of labor decreases.
