

SPOTTED FAWN
CLAIM

File =
Fred Merrill

August 2, 1937

Mr. Fred Merrill,
Kerby, Oregon.

Dear Mr. Merrill:

Referring to a list of samples and areas which you gave me on the road into Grants Pass ten days ago, I wonder if you wish to sell or dispose of the properties covered by these areas? If you do and care to give me an outline of information including the size or number of claims, location, water and timber supply, some indication of the amount of proven probability and prospective ore, and the terms, I will be pleased to place this on our list for general distribution to parties interested in such properties. There is no charge for this. Your name would not appear but if there are inquiries the parties inquiring will be referred directly to you. We, of course, would make no recommendation whatever as to the merit of the property.

With best wishes, I am,

Sincerely yours,

Earl K. Nixon, Director
