Mr. Dave White  
Oregon State Department of Geology  
and Mineral Industries  
Grants Pass, Oregon

Dear Mr. White:

Here is the report on the Deep Gorge Chrome Mine that you asked John McWilliams about when he was in Grants Pass some time ago.

The examination and sketch map were made in January of 1952. The photograph was taken some months later from a point across the Illinois River.

Please return them after they have served your purpose. The report has not been published and must be considered confidential.

Sincerely,

Wing G. Agnew, Chief  
Mining Division, Region II
