Cord

Milo M. Shier, mining engineer of 709 North Fifth Street, Grants Pass, Oregon, is reported to be at Lakeview in Lake County, Oregon, where he and associates, including K. Patterson of Portland, have leased the **Red Hawk** cinnabar property near Willow Ranch. Production will be started in the near future. The property was first operated in 1918 but only intermittent work has been done since that time. Adequate crushing facilities and a 10-ton retort are being installed.
