Dear Hollis:

Attached is a copy of my Jordan brother's cinnabar property report. The map which I refer to as Figure No. 1, you already have. Leastwise, Ralph does. It is a usable reference in its present form, all right enough, although I do wish to have a minor modification or two made eventually. Also they overlooked putting the North-South information on when the plat was drafted. The right side of the map is north.

Sincerely,

A handwritten signature in dark ink, appearing to read "N. S. Wagner", is written over the typed name.
