GEORGE E. CORLISS
LAND LEVELLING, EXCAVATING & GRAVEL (Sand, Gravel & Crushed Rock)

Unclassified District
Malheur County

OWNER-OPERATOR: George E. Corliss, Box 76, Ontario, Oregon

LOCATION: T 18 S - R 47 E - S 14, or on the B. J. Schram ranch $1\frac{1}{2}$ miles east of Ontario.

AREA: Fifteen acres of deeded ranch land.

GENERAL: This company stresses land levelling and excavation work more than gravel production. They have however, a good sized pit equipped with conventional drag line equipment (220 yds. per hour capacity) and a crushing and screening unit. The pit site is adjacent to Snake River and the deposit very probably represents earlier Snake River deposition.
