Dear Jerry:

To find the Hq. easy,  
get Hugh Watkins to load his  
dowsing Gadget with Quicksilver  
and from a road as shown  
on map, the dowser will swing  
toward the Hq. and lead  
you to it.

Bill Heyne can do this also,  
Bill and I have found Gold Veins  
as far ~~as~~ a mile away.

David Mealey found this  
place in 1938 there was a ~~remains~~<sup>remains</sup>  
of a old stove, we were at the  
lakes fishing, we were going  
to his find when a storm  
came up, and didn't go.  
David is dead now.

With Best Wishes  
Glenn
