RE: Terrestrial Vegetation Baseline Report, Revised October 2018, Grassy Mountain Project

Dear Mr. Jones:

I have uploaded the Terrestrial Vegetation Baseline Report, Revised October 2018, to the sharesite. A memo dated October 2, 2018, from EM Strategies to DOGAMI describing the sagebrush sample collection and testing methodology, along with the new results, is included as Attachment B of the uploaded report. The sagebrush revisions are incorporated in the report, where appropriate. The revisions are only in the PUBLIC version of the report and therefore, the CONFIDENTIAL version of the report is unchanged and not uploaded today.
