Use this form for applications to deepen, rework, abandon, or any other proposed procedure on an existing well.

This form must be submitted whether or not prior verbal approval has been given. This application becomes a permit when signed and dated by DOGAMI in the box below.

The present condition of the well, including complete casing record, is as follows:

8 5/8" surface set 2350' - circulated cement - TD 3510' - Hole was left full of good mud - weight 9 lbs. - vis 60 - filtrate 9 - F.M. 11

Following is a detailed account of proposed work: We ~~propose~~ ^{propose} to re-enter and run 4 1/2" csg. to bottom and cement with 100 sxs. After cement has cured for 48 hrs. we will preforate and test well 3360 to 3380 - If not commercial the well will be plugged immediately. If this work has not started within 30 to 45 days we will plug the well to Oregon specifications.
