The meetings will be held remotely, and do not have in-person access. **Written comments will be accepted from the public through 12pm 2/2/21.**

General guidelines for commenting on the revised Wildlife BDR:

- The completeness review process is designed to avoid a situation where an agency would have to deny a permit *for lack of information*.
- Is the information contained in the BDR complete? Is the information sufficient to allow the agencies to issue or deny a permit? If not, please provide comments using the format below:
