

## Calico – Grassy Mountain State Agency Workshop

November 16, 2017

8:30 am – 4:30 pm

Portland State Office Building – Suite 965, Basalt Conference Room

800 NE Oregon Street, Portland, OR 97232

Workshop Goal: The Oregon Department of Geology and Mineral Industries (DOGAMI) anticipates submission in early 2018 of a consolidated application for the Calico Resources Grassy Mountain Gold Project. The application would be the first submitted under Oregon’s consolidated application process for chemical process mines. This workshop is intended to provide a review of the application process to key State, Federal, Tribal and local government partners. We also seek to identify potential conflicts and gaps in information or understanding of the process. The workshop is informational and no formal decisions will be considered.

Invited Participants: State, Federal, Local, and Tribal partners serving on the Project Coordinating Committee and Technical Review Team; Governor’s Natural Resource Office

Call-In Option: Please contact Lori Calarruda at [lori.calarruda@oregon.gov](mailto:lori.calarruda@oregon.gov) for call-in and webmeeting details.

RSVP: You must RSVP to Janet Gillaspie, Environmental Strategies, ([janet@envirostrategies.com](mailto:janet@envirostrategies.com)) in order to be on the list for lunch. Lunch will only be provided for invited participants.
