## Pass Through of Distributive Share of Proceeds, Addition, and Credit

**2022**

### Purpose of Schedule OR-21-MD-PT

Upper-tier members of pass-through entities (PTEs) electing to pay the PTE elective tax (PTE-E tax) use Schedule OR-21-MD-PT to report the items passing through to the upper-tier PTE's members from the lower-tier entity. The addition and credit reported to the upper-tier PTE by the electing lower-tier entity can't be claimed on an entity-level return and must be passed through to the upper-tier PTE's members. Schedule OR-21-MD-PT **must be included** with Form OR-21 when the return is filed. Complete a separate Schedule OR-21-MD-PT for each electing lower-tier entity of which the upper-tier PTE is a member.

Use additional pages for each schedule, as needed.

### Part A: Electing lower-tier entity information

**Entity type.** Check the box that matches the lower-tier entity's organization type. If the entity is an LLC that is treated as a partnership or an S corporation for tax purposes, check the applicable box.

**Entity information.** The legal name must be entered even if the lower-tier entity does business under an assumed name. Enter the entity's federal employer identification number (FEIN) and current address.

### Part B: Distributive share of proceeds, addition, and credit from electing lower-tier entity

### Part C: Member information

For each member, enter their name, current address, phone, and Social Security number (SSN).

**Ownership percentage.** Enter the member's ownership percentage as of the close of the tax year. If the member disposed of all or part of an ownership interest during the year, enter the member's ownership percentage before the disposition.

**Form OR-OC.** Mark this box if the member is a nonresident who elects to be included in a composite filing for this tax year.

**Column l: Member's distributive proceeds.** Enter the member's share of the distributive proceeds that you entered on line 2.

**Compare all totals.** After you have entered the information for all members, make sure that the totals for each column match the total amount reported to you by the electing PTE on Schedule OR-21-K-1.

- The total distributive proceeds in column l must match the amount on line 2.
- The total additions in column m must match the amount on line 3.
