

Air Transportation General Instructions Oregon Property Tax Report

When to file

File on or before **March 15, 2020**. If this day falls on a **Saturday, or on a Sunday or any legal holiday, the time specified shall be extended to include the next business day.**

Where to file

Email your completed annual statement to: utility@oregon.gov.

OR

Mail all schedules, reports, forms, and enclosures to:

Valuation Section
Property Tax Division
Oregon Department of Revenue
PO Box 14600
Salem OR 97309-5075

Extension of time for filing statement

Oregon Revised Statutes (ORS) 308.535 allows us to extend the time for filing this statement if you show good cause. To receive an extension, send us a written request explaining your need for the extension. The extension request must be filed before the due date of your annual statement.

If a company fails to make a statement or furnish the required information, the law also states that "the department shall inform itself as best it may as to the matters necessary to be known in order to discharge its duties with respect to the property of the company."

Penalties for failure to file or false or fraudulent statement

Your statement is considered delinquent if it's not filed by March 15 or by the extended date, if we have allowed one. The penalty for a delinquent statement is \$10 for each \$1,000 (or fraction thereof) of assessed value placed on the assessment roll (ORS 308.030).

Willfully providing a false or fraudulent statement is perjury [ORS 308.990(4)] and "upon conviction, shall be punished as otherwise provided by law for such crime."

Additional information you must file

In addition to the schedules provided, **all companies** must file a copy of:

- The company's flight schedule in effect on December 31.
- The company's 10-K (and parent company's 10-K, if applicable) filed with the Securities and Exchange Commission.
- The annual report to stockholders (and parent company's annual report, if applicable), if not included in the 10-K.
- Electronic data: spreadsheets detailing the fleet data, saved on CD-ROM, or emailed to us.
- **For all companies:** The cover letter sent with this packet may also request information in addition to the data required on the standard schedule forms. Read the letter carefully. The additional data requested is an **integral part of your total reporting requirement**. You must provide us with this additional information [ORS 308.525(16)].
- Reported schedules must be able to tie to Bureau of Transportation Statistics (BTS), Form 41, or explain difference.

How to complete these Oregon schedules

1. Complete all schedules in this packet.

Many of the Oregon schedules are similar to schedules in the **BTS Form 41 report**. If all requested information is on the Form 41 report, you may reference the Form 41 schedule on the related Oregon schedule.

2. If you need more space than is available on a schedule, include additional sheets. You may

include additional schedules in other formats as long as you provide all requested information.

3. If a schedule doesn't apply to you, leave it blank and include a statement explaining why you don't need to complete the schedule.
4. Type or print your information on these schedules. If you print, use ink.
5. Put brackets (< >) around negative (deficit) amounts.
6. Keep a copy for your files.

Important reminders

- **Calendar year basis.** The Oregon report is for a full calendar year.
- **"The year"** means the year covered by the report.
- **"The close of the year"** means the close of business on December 31.
- **"The beginning of the year"** means the beginning of business on January 1.

Oregon law

ORS 308.515 requires us to make an annual assessment of designated utilities and companies. ORS 308.515(1) charges us to assess any property having situs in this state:

"...is used or held for future use by any company in performing or maintaining any of the following businesses or services or in selling any of the following commodities, whether in domestic or interstate commerce or in any combination of domestic and interstate commerce, and whether mutually or for hire, sale or consumption by other persons: Railroad transportation; Railroad switching and terminal; Electric rail transportation; Private railcar transportation; Air transportation; Water transportation upon inland water of the State of Oregon; Air or railway express; Communication; Heating; Gas;

Electricity; Pipeline; Toll bridge; or Private railcars..."

ORS 308.525 specifies what facts the companies should supply to us. ORS 308.525(16) also allows us to gather "any other facts or information the department requires in the form of return prescribed by it."

Substitute forms acceptable

We accept photocopies and replicas of this packet. If you need an additional packet, call (503) 945-8331 or download forms from www.oregon.gov/dor/forms.

Electronic filing

We send your annual statements in Microsoft Excel format. If your company is unable to accept electronic forms, contact us at (503) 945-8331.

If your company is unable to file the statement electronically or if you have questions regarding acceptable formats, contact the assigned appraiser using the phone number located on the attached cover letter.

We request that all annual statements be electronically filed. Email your completed annual statement to utility@oregon.gov.

Important: Format your electronic data according to the format provided in the annual statement schedule. Label the schedules so that we can readily identify which schedule you're submitting electronically. Electronic forms in Microsoft Excel format are located at www.oregon.gov/dor/forms.

If you submit the data using email, there is a possibility that it may not remain secure in transit. We maintain that all information is confidential on receipt and won't be released to third parties. During transit, however, information may be considered insecure and may be intercepted by third parties. If you want to communicate via email, sign the authorization line on page 1 of your annual statement so we can send your confidential information via email.

Schedule A—General Information

Indicate the nature of your operations by checking one or more of the following boxes:

Airlines:

- Scheduled passenger operations
- Freight operations
- Other: _____

Gas:

- Pipeline
- Distribution
- Storage

Oil:

- Pipeline
- Distribution
- Storage

Water transportation:

- Large company
- Small company

Railroads:

- Class I
- Shortline
- Private car

Communications:

- | | % of business |
|--|----------------------|
| <input type="checkbox"/> Mobile radio | _____ |
| <input type="checkbox"/> Wireless | _____ |
| <input type="checkbox"/> Tower aggregators | _____ |
| <input type="checkbox"/> Local exchange | _____ |
| <input type="checkbox"/> Wire and cable | _____ |
| <input type="checkbox"/> CLEC | _____ |
| <input type="checkbox"/> ISP/IAP | _____ |
| <input type="checkbox"/> Cable television | _____ |
| <input type="checkbox"/> Satellite | _____ |

Electric generation:

- Generation transmission co-op
- Electric co-op
- Investor-owned
- Wind generation/solar/geothermal
- PUD

Schedule B—Enplaned and deplaned tons

Enplaned and deplaned tons—The total of “traffic, enplaned” and “traffic, deplaned,” with number of passengers converted to tons using the standard weight per passenger.

Traffic, enplaned—A count of the number of passengers boarding and tons of cargo loaded on an aircraft. Passengers and cargo on aircraft entering a carrier’s system on interchange flights are considered as enplaning at the interchange point. Passengers and cargo moving from one operation to another operation of the same carrier, are considered as enplaning at the junction point.

Traffic, deplaned—A count of the number of passengers getting off and tons of cargo unloaded from an aircraft. Passengers and cargo on aircraft leaving a carrier’s system on interchange flights are considered as deplaning at the interchange point. Passengers and cargo moving from one operation to another operation of the same carrier, are considered as deplaning at the junction point.

	Number		Tons	
	System	Oregon	System	Oregon
Passengers enplaned and deplaned				
Cargo enplaned and deplaned				
Totals				
Percent Oregon				%

Departures

A “departure” occurs each time an aircraft takes off from one airport for purposes of flight to another airport.

Aircraft type	System departures	Oregon total	Oregon-only airports (name) *		
Total					

* If your aircraft operated from more than one airport in Oregon, provide a breakdown of departures by location above for use in apportioning your Oregon assessment to the various counties. Include additional sheets if necessary.

Inter-airport mileage table

This table is used to compute Oregon ramp-to-ramp hours entered on the previous page. Interstate flights not included in the printed form and flown by the company during the year should be inserted in the spaces provided. Inter-airport distance is computed in miles. The ratio in Oregon is based on the portion of this distance in Oregon.

Intra-state flights are not listed; Oregon statistics are included at 100 percent of the related system statistics. Be prepared to submit a list of the intra-state mileages used for such flights whenever we request this information.

From	To	Inter-airport distance	Oregon aircraft miles	Percent Oregon
Portland	Anchorage	1,543	1	0.06
	Boise	345	301	87.25
	Chicago	1,740	232	13.33
