# Things you need to know

---

Due to changes in federal tax laws, using federal Form W-4 allowances for Oregon withholding calculations may not result in the correct amount of withholding for Oregon tax purposes. We have created Form OR-W-4, *Oregon Employees Withholding Statement and Exemption Certificate*, for determining Oregon allowance claims. Employees with an existing “Oregon-only” federal Form W-4 don’t need to change their allowances for Oregon unless they revise their federal Form W-4 after January 1, 2019.

**Important: These tables can only be used if the employee claims the same number of allowances for federal and state purposes.** If the employee’s Oregon allowances are different from federal, refer to the instructions in *Oregon Withholding Tax Formulas*, 150-206-436.

The updated *Oregon Withholding Tax Tables* reflect the increased federal tax subtraction to \$7,050 and changes to other indexed items. Employees may notice a small change in the amount of Oregon tax withheld. If your employee wishes to adjust for too much or too little tax withheld, refer them to our online withholding calculator and the Oregon Form OR-W-4 available at [www.oregon.gov/dor](http://www.oregon.gov/dor).

## Oregon Employer Update for Oregon-only W-4

In December 2017, Congress passed the Tax Cuts and Jobs Act (TCJA), resulting in many changes to federal personal income taxes. In response, the IRS updated the federal Form W-4 worksheets in early 2018. This changed the number of federal allowances employees should claim, creating a disconnect between federal and state withholding that could leave employees owing money when they file their 2018 Oregon personal income tax return.

Encourage your employees—particularly those who have submitted a 2018 or later federal Form W-4 and don’t have a separate form for their Oregon withholding—to make sure their amount of withholding covers their estimated 2020 Oregon personal income tax liability.

To help with these withholding changes, we have new tools available to your employees:

- An online withholding calculator to make determining the appropriate amount of Oregon withholding easier.
- Form OR-W-4 is an Oregon-specific form. Form OR-W-4 allows more flexibility in adapting to future federal tax law changes without inconveniencing Oregon employees and employers. The Oregon Form OR-W-4 will be more accurate for Oregon withholding.

You may see an increase in employees making withholding changes. We understand that this may create an administrative burden for some employers, and we’re working to reduce that impact as much as we can.

**If you have questions** about your withholding obligations as an employer, please visit the withholding webpage at [www.oregon.gov/dor/personal](http://www.oregon.gov/dor/personal), and click on “Oregon withholding info and resources,” or email us at [payroll.help.dor@dor.oregon.gov](mailto:payroll.help.dor@dor.oregon.gov).

**If your employees have questions** refer them to our website at [www.oregon.gov/dor](http://www.oregon.gov/dor) or they may call us at 503-378-4988 for assistance.

## You may be personally liable for withholding taxes

As a corporation officer, member, or employee, you can be held personally responsible for unpaid withholding taxes owed by the corporation. That’s because Oregon Revised Statutes (ORS) 316.162 and 316.207 authorize the department to transfer the liability for taxes from the corporation to the responsible officers, members, and employees when the corporation fails to pay.

## Interested in electronic funds transfer (EFT)?

Payments for combined payroll taxes can be made electronically using the Department of Revenue’s electronic funds transfer (EFT) program. Please note, employers who are required to make federal payroll tax payments electronically, must also make payments of Oregon combined payroll taxes and assessments by electronic funds transfer (EFT) under OAR 150-316-0345. You can set up your payments through a secure internet site or through your financial institution. For ACH credit payments, you need to file an authorization agreement

with the Department of Revenue before you can receive the department's payment information. To submit your authorization agreement or to make an ACH debit payment, visit [www.oregon.gov/dor](http://www.oregon.gov/dor) and look for the link to Revenue Online.

Even though many businesses are required to make their payments this way, employers may voluntarily participate in the EFT program. Additional information and registration materials are available at: [www.oregon.gov/dor/payments](http://www.oregon.gov/dor/payments) or you may call the EFT help/message line at 503-947-2017 to receive a program guide.

### **Alternative withholding method for supplemental wage payments**

Employers may use a 8 percent flat rate to figure withholding on supplemental wages that are paid at a different time than an employee's regular payday. Supplemental wages include bonuses, overtime pay, commissions, or any other form of payment received in addition to the employee's regular pay.

# Things you need to know

## Must I round withholding amounts to the nearest dollar?

The income tax withholding amounts in the wage bracket tables have been rounded to whole dollar amounts. When employers use the percentage method, the tax for the pay period may be rounded to the nearest dollar.

## When are withholding payments due?

Due dates for paying Oregon withholding tax are the same as due dates for depositing your federal tax liability.

## When are withholding reports due?

Employers with household employees, or employers who file federal Form 943 for agricultural employment, may file annual returns, *Oregon Form WA, Oregon Agricultural Annual Withholding Tax Return*, 150-206-013-1, for agricultural employees and *Oregon Employment Form OA*, for household employees. All other employers must file a quarterly tax report, *Oregon Employment Form OQ*.

As long as you are registered as an employer, you must file *Oregon Employment Form OQ*, even if you have no payroll during the reporting period.

- **Annual**—due January 31, following the tax year.
- **Quarterly**—due last day of the month following the end of the tax quarter.

# Frequently asked questions about the withholding computer formula

---

## **1. What is the difference between twice a month and every two weeks?**

The twice-a-month formula (often referred to as semi-monthly), is based upon 24 pay periods a year. The every two weeks or biweekly formula is based upon 26 pay periods a year.

## **2. What is included in “wages”?**

All taxable amounts are included in wages (hourly wage, salary, bonuses, tips, etc.).

## **3. What isn’t included in “wages”?**

Non-taxable amounts such as pre-tax deductions for insurance, cafeteria or flex spending plans (section 125 plans), retirement plans (section 401k, etc.), health savings accounts, etc.

## **4. Do my employees need to adjust their W-4?**

Maybe. If your employee feels like the tables don’t accurately reflect their tax situation, they can change their withholding rate by filling out Oregon Form OR-W-4. Employees can verify they are claiming the proper number of allowances by using the online withholding calculator at [www.oregon.gov/dor](http://www.oregon.gov/dor).

## **5. Can employees use different W-4 withholding information (allowances, etc.) for Oregon withholding than they do for federal withholding?**

Yes. The employees should indicate the desired number of allowances on Form OR-W-4 for Oregon and Form W-4 for federal withholding.
