

DPSST SFST Field Guide Notebook – Printing Instructions

This will create 2 notebooks at a time -

Cover

Print 2 copies of pages 3 & 4, doubled sided on cardstock. DPSST uses light blue, any color will work. Highly recommended to use cardstock for durability for use in the field.

Pages

Print 8 copies of pages 1-2, double sided, regular 8 ½ x 11 copy paper.

Assembling

Cut sheets and cover in half lengthwise.

Separate each to create 2 stacks

Fold each stack in half (long end to long end, making the fold horizontally)

Place the cover at the bottom of each stack

Staple in the center along fold twice to secure pages

Congrats!! Two new SFST Field Guide Notebooks are now available for use
