The Department of Public Safety Standards and Training (DPSST) strives to provide the resources, information, and training public safety providers and agencies need to maintain the highest skills in order to provide excellent service to Oregon’s communities and citizens. In our efforts to provide professional development opportunities for the Oregon fire service, DPSST is hosting the Inaugural Oregon Fire & EMS Coast to Coast Training Symposium on May 18 and 19, 2019. For this symposium entitled “Training today for tomorrow’s challenges”, some of the nation’s leading instructors are coming together to offer their diverse knowledge and skills and will share the following topics:

*The Dangers Lurking Below taught by Robert Moran*

*The Dirty Secret of the Fire Service: Firefighter Arsonists taught by Tom Aurnhammer*

*High Rise Buildings: Understanding the Vertical Challenges taught by Jack Murphy*

*The 7 C’s of Fire Officer taught by John Alston*

*Safety Leadership: From the Firehouse to the Fire Ground taught by Ronald Kanterman*

Participants may attend three of the five courses which are each four hours in length. To view course descriptions, instructor biographies, and to choose your course preferences, please see DPSST’s registration page here: [https://www.eventbrite.com/e/inaugural-oregon-fire-ems-coast-to-coast-training-symposium-tickets-60145740529](https://www.eventbrite.com/e/inaugural-oregon-fire-ems-coast-to-coast-training-symposium-tickets-60145740529). Please note that class space is limited so register early to secure a spot in your top three course preferences. Additionally, there will be a meet-and-greet on Friday evening from 1800 to 2100 at a to-be-determined location in Salem, Oregon.

Breakfast, drinks, snacks and lunch will be provided by DPSST on Saturday.

Breakfast, drinks and snacks will be provided by DPSST on Sunday.

Lodging is available to those travelling over 75 miles one-way at the DPSST dorms.

In providing this conference, DPSST’s goal is to foster the future of the Oregon fire service by creating a culture of diversely educated fire service professionals. We hope you will join us for this rare training opportunity.
