Instructors: see 'Overview'

Overview: Attention North Central and North Eastern Oregon Area Public Safety Training Supervisors and FTEP/PTO Leads!

SAVE THE DATE!

You are invited to an informational meeting and question & answer session with DPSST hosted by the Pendleton Police at 10:30 am Tuesday, June 19th at Pendleton Early Learning Center (kindergarten school) at 455 SW 13th Street, Pendleton, and again at 3:00 pm June 19th at The Dalles Police Department.

The meeting will start with brief introductions by new DPSST Operations Manager Mike Herb, a retired Captain from Forest Grove PD, new Skills Manager Mike Stradley, a retired Portland officer and recently a Lieutenant with the West Linn Police Department and the new Regional Training Manager, Jim de Sully, retired Assistant Chief of the Tigard Police Department.

The purpose of this meeting will be to update area agencies on the many changes in curriculum, policy and leadership at DPSST and to hear from area public safety partners. DPSST managers will be available to answer questions about training, but most importantly will want to seek input on how they can be of better service to area public safety partners in achieving success for the new professionals entering the public safety profession along with the continued success of tenured personnel.

All training supervisors and coordinators at area public safety agencies that oversee and/or are involved in the training of public safety personnel are invited to this meeting. DPSST will discuss the direction of the Academy, but most importantly will want to hear from you and how they can be of better service.

We are planning to hold listening sessions in other parts of the state, if you are not able to attend we hope to see you next time. If you're interested in hosting one of our listening sessions with Academy managers, please contact Jim de Sully.

Please pass this on to those folks who you believe would like to attend.

Hope to see you there!

Overview: This course will present training on the FEMA P-50 and P-50-1 documents, addressing seismic assessment and retrofit of detached single-family wood-frame dwellings. These documents update and expand to national basis the simplified assessment methodology and retrofit guidelines originally developed for use in the City of Los Angeles following the Northridge earthquake (ATC-50 and ATC-50-1). The simplified assessment methodology uses a six-page form to assign each dwelling a structural score based on observed dwelling characteristics, a seismic hazard score based on dwelling location and site hazards, and a resulting Seismic Performance Grade between A and D-. The assessment goes on to identify assessed items that could be retrofit and the improved grade that could result with retrofit. The companion FEMA P-50-1 retrofit guidelines document provides details on retrofit of the assessed items.

Instructors: DPSST

Overview: ACTUAL CLASS DATES: July 5-8, 2018 (Segment #1) & July 26-29, 2018 (Segment #2)

The Department of Public Safety Standards and Training is offering an Emergency Vehicle Operations Instructor Development Course (EVOIC # 27) in July 2018. This course is intended to develop certified instructors capable of delivering basic recruit Emergency Vehicle Operations (EVO) training for DPSST Basic Police and Regional Training programs. Unlike previous EVO Instructor schools, this course will be delivered in two segments and utilize longer training days.

The emphasis of EVOIC #27 will be to train new instructors to a level where they effectively assist with basic academy EVO classes in Salem and deliver quality regional training sponsored by DPSST throughout the state. Priority in selection will be given to applicants/agencies who demonstrate support for this mission by participation in the Basic Academy programs.

Applicants must be able to schedule (and commit to attending) both segments. Applicants who are selected to participate as instructor candidates will be sent the EVOIC training materials in an electronic format at least 30 days prior to the start of the course. The candidate may print the information at their agency's expense.

Due to the weekend schedule, meals will not be provided with this course. Lodging will be available to candidates requiring overnight accommodation.

CONDITIONAL ACCEPTANCE:

Candidates will be offered a conditional acceptance to the course and prior to receiving a confirmed position in the class, will be expected to pass a driving skill assessment at least two weeks prior to the beginning of the course. This qualification process will be conducted by a DPSST Senior Instructor at the DPSST facility in Salem and the candidate must achieve a minimum passing grade on the basic police qualification course.

Passing grades on a written test and a driving skills assessment will be required to complete the course. Candidates must score a minimum of 90% on the written assessment of DPSST EVO theory and techniques, instructor development materials, and general vehicle knowledge. All of the materials necessary for this written test will be provided electronically when a candidate is accepted to the course.

7/5-7/29/2018

Class Title: Basic Emergency Vehicle Operator Instructor Course #27

Candidates who are not successful with their driving skills assessment will be allowed additional opportunities on dates, however all assessments must be complete prior to June 20, 2018. Candidates failing to demonstrate the minimum driving assessment score will not be allowed to participate in this EVOIC.

Candidates are encouraged to visit one or more DPSST Basic Police EVO sessions prior to a testing session to brush up on their driving skills. This will give candidates some one-on-one time with senior instructors. A schedule of practice and testing dates are at the end of this announcement.

An agreement to assure the candidate is scheduled for the 96 hour shadowing process and a minimum of 40 hours per year of instruction for DPSST, 24 of which is conducted at the Salem facility, will be attached with the conditional acceptance. The 40 hour per year requirement can be completed as an Agency Part Time (APT) paid instructor or as an Agency Loan Instructor. This document must be completed by a member of the agencies command staff and returned to DPSST as part of the acceptance package.

Additional Agency Considerations / Requirements:

1. Participation in a Basic Facilitator Course prior to this instructor course is highly recommended. Many of the instructional techniques used to deliver the EVO Instructor course will be presented and practiced during the Basic Facilitator Course.
2. Vehicles used during all driving exercises will be provided by DPSST.
3. Participants will be expected to sign a waiver of liability for DPSST.
4. All salaries and benefits of participants shall be borne by the agency.
5. Agencies need to ensure that they have adequate insurance coverage covering participation in this training.
6. All candidates will be required to complete a minimum of ninety-six (96) hours of supervised "shadow" instruction to receive certification as a DPSST EVO Instructor. This instruction will occur in conjunction with regularly scheduled EVO training at DPSST once the EVOIC is completed.

Any questions can be directed to Steve Westerberg; EVO Program Coordinator at the above address OR at 503-378-4412 OR via state email at steve.westerberg@state.or.us

Candidate Driving Practice / Testing Sessions:

Following are several dates that are available to candidates interested in honing their physical driving skills, spending time with a senior instructor, and looking at the EVO program at DPSST. Candidates can be tested on the same date as a practice is scheduled. Candidates are encouraged to attend at least one practice date prior to testing.

To schedule dates for practice and testing, contact Steve Westerberg via email at steve.westerberg@state.or.us or by telephone at 503-378-4412.

Class Title: Crisis/Hostage Negotiation Course (Level II/Intermediate)

Target Audience: Crisis/Hostage Negotiators and those supporting negotiation teams, CIT officers

Sponsoring Agency: Portland Police Bureau

When: 7/9-7/13/2018

Registration Deadline:

Contact: Sergeant Troy King, PPB; 503-823-5725; #mailto:#

Hours: 0800-1700

Where: Portland Police Bureau Training Complex, 14912 NE Airport Way, Portland, OR

Cost: \$495.00

Instructors:

Overview: The Crisis/Hostage Negotiation Course (Level II/Intermediate) will further enhance the knowledge and skills acquired in Crisis Hostage Negotiation - Level I Basic Course, or its 40- hour equivalent. This course meets all NCNA standards. The course begins with a contemporary look at subject precipitated homicide and suicide-by-cop as one of the most dangerous risks facing law enforcement. Providing students with a roadmap for an integrated intervention strategy, students will learn the elements of a deliberate crisis negotiation strategy based on an established structure placing emphasis on frequent risk assessments. Situations that create unique challenges for law enforcement, such as jumpers from bridges, cell towers and overpasses, will be among the advanced concepts discussed. In a continued discussion of abnormal psychology, additional mental health disorders as they relate to crisis negotiation, including depression, bipolar disorder and schizophrenia, will be discussed. Students will learn how to interpret the behavior of hostages while in captivity and techniques to use when dealing with them directly. Students will also learn how to conduct effective post release/escape debriefings. The collaborative effort between the crisis negotiation team and the tactical team is essential to mission success. Safety and security issues, operating in a tactical environment and developing a unified strategy are among the topics discussed. Challenging, team-oriented, scenario-driven practical exercises are an integral part of the course and will allow students the opportunity to practice and refine both individual and team- building skills. This course is not recommended for students with no prior crisis negotiation training.

Topics Include:

Subject Precipitated Homicide

Developing a Deliberate Strategy

High Element Negotiation

Using Third Party Intermediaries

Using Interpreters

Advanced Communication Techniques

Abnormal Psychology

The Hostage Experience

Tactical Considerations in Crisis Negotiation

Instructors: see 'Overview'

Overview: DPSST is offering a 3 day ECQC course taught by Craig Douglas:

Craig Douglas (SouthNarc) is a retired Captain from Jackson County Sheriff's Office in Mississippi and a former US Army Ranger. His 25 year career in Law Enforcement included lead instructor for their academy, undercover narcotics agent then later the assistant Commander of all field operations for the multi-jurisdictional Jackson County Narcotics Taskforce. Craig also designed, established and led for twelve years, the first modern SWAT team in Jackson County. Since 2005 Craig has been traveling and teaching throughout the world as an expert in armed and unarmed close quarter combat from five feet and closer heavily contextually underscored for police work. His course, ECQC Extremely Close Quarters Concepts (in extremis), has been one of the most sought after courses in the country. For DPSST it has changed our prospective on training and much of what we do in Survival Skills is modeled after his great work. We replicate his drills in all of our instructor development courses, which has been met with great enthusiasm. One veteran officer commented after drill work that it had been the most influential and beneficial training he had done in his ten year career. This sentiment has been repeated time and time again during our programs and is testament to Craig's special insight into surviving vicious assaults on police officers.

Course Schedule:

8 hours live fire range work.

16 hours mat work.

Course Content:

Criminal assault paradigm. How, what and why officers are assaulted.

Unequal Initiative Events. Assaults are normally conducted by surprise.

Managing Unknown Field Contacts. Field interview tactics and how to stay alert.

Practical Unarmed Combat. Practical is the key word.

Introduction to the components of the combative draw stroke. Building the #2 position in live-fire (retention shooting position).

Firing throughout the horizontal line of presentation. Extension or compression based on proximity of threat.

Off-hand fending positions.

Default position (attack defense).

Basic empty hand blows and elbow strikes.

Theory of in-fight weapon access IFWA.

Grounded defense basics.

Cost: \$195.00

Instructors: Chief Harry P. Dolan (Ret.)

Overview: This course provides public safety professionals of all ranks, sworn and civilian, with practical time-tested leadership lessons learned from the arena. The program has been developed to prepare today's leaders to confront the new reality of heightened transparency and unprecedented expectations. Chief Harry P. Dolan (Ret.) places a laser-like focus on specific leadership actions and traits that have led to success or failure when navigating challenging times. "We are not doomed to repeat history if we grow to understand that war stories may indeed be case studies. When combined with evidence-based research, these case studies and practical experience contain valuable leadership lessons."

Understand the research on field leadership in public safety: Stop guessing and start applying what we know works.

- Establish a solid understanding of performance motivational theory.
- Identify what great leaders do when bad things happen.
- Understand commander's intent, unity in command and groupthink.
- Build and maintain professional ethics throughout the organization:
- Why the "taking care of the troops" philosophy doesn't have to result in compromising high expectations.

Overview: NRA Law Enforcement Firearm Instructor Development Schools develop and enhance both instructor skills and firearm handling skills of all students so they can effectively teach their officers to win lethal encounters. These schools are intended for public and private law enforcement officers and military personnel who are currently assigned, or about to be assigned, duties as law enforcement firearm instructors.

The curriculum is designed to prepare students to develop and conduct safe, effective, reality-based and agency-related firearm training. Classroom instruction and practical exercises on the range provide a model for students to use in building their own agency programs. In addition, the school will enhance each student's firearm knowledge and handling skills. All classes and range exercises are conducted at the instructor level, with students conducting many of the range exercises to gain experience. Students are exposed to a wide variety of shooting techniques, training methods, and tactical philosophies, which allows them to choose what best serves their students.

Each of our Instructor Development Schools consists of a minimum of forty-four (44) contact hours during a five (5) day school. "Contact hours" refers to actual instructional time in the classroom and on the range, and does not include travel time between the lodging and training site, meal times, or range clean-up. Classes will be conducted from approximately 0730 to 1800 Monday, and 0800 to 1730 hours, Tuesday through Friday, plus one late night to accommodate reduced light shooting. 100% attendance and participation is MANDATORY for successful school completion. Students must demonstrate teaching and shooting proficiency and pass a written examination in all of the schools.

Overview: Threat Assessment Training for Student and Community Threats A Comprehensive System for Threat Management in the Community, K-12 Schools and College Campuses

For over a decade, the Willamette Valley Adult Threat Advisory Team and the Mid-Valley Student Threat Assessment Team have been well-functioning entities focused on the threat of violent behavior. Built from a collaborative, multi-agency structure, both teams operate a regional system that serves school districts, higher education institutions and the community. Over the years, the teams have developed an annual training for new members but have also offered their training expertise to other professionals interested in developing threat assessment systems or sharpening their assessment skills.

The training now takes place over a three-day time frame, beginning with participation in the Adult Threat Advisory Team meeting on Tuesday morning and ending with participation in the Student Threat Assessment Team meeting on Thursday afternoon.

Throughout the course, a multidisciplinary team (education, law-enforcement, mental health, campus security, Court staff, and parole and probation) will present the following:

*The basics of threat assessment including a survey of the research that addresses aggression and threat assessment as well as the recommendations of field experts and practitioners.

*The application of the research and recommendations into the use of higher education, K-12 and community threat assessment protocols.

*Training on the steps and developmental procedures necessary to implement a successful multidisciplinary, multi-agency threat assessment and management system on higher education campuses, in K-12 school districts and within the community.

*Multiple threat assessment labs and audience participation exercises.

Maybe you're the only one responding and you want to be confident your knowledge of de-escalation is on par with your tactical resolution skill set. Attendees of Crisis Communication for First Responders will leave this class with a practical set of skills that they can use to:

- *De-escalate or stabilize angry/violent behavior
- *Establish meaningful dialog with the threat
- *Word choice/emotional control tactics
- *Handle request/demands/deadlines the threat gives you
- *Establish a therapeutic rapport
- *Gather meaningful intelligence from the threat/victims

Instructors: Course Manager: Officer Nathan Scott - Portland Police Bureau

Overview: Advanced Roadside Impairment Driving Enforcement (ARIDE) was developed by NHTSA to address the gap between Standardized Field Sobriety Testing (SFST) and the Drug Evaluation & Classification Program (DECP). ARIDE is an intermediate-level 16 hour curriculum that provides officers with general knowledge related to drug impairment and promotes the use of certified Drug Recognition Experts. A SFST review and proficiency test is included in this curriculum.

Prerequisites: One year of law enforcement experience, including the academy SFST and DID courses.

Registration: Registration deadline is November 28th, 2018. Email the DECP Office at OSPDRE@osp.state.or.us with the name and DPSST# of each student. Registration confirmations will be emailed to those who register. Class size limited to the first 30 students.

Overview: NRA Law Enforcement Firearm Instructor Development Schools develop and enhance both instructor skills and firearm handling skills of all students so they can effectively teach their officers to win lethal encounters. These schools are intended for public and private law enforcement officers and military personnel who are currently assigned, or about to be assigned, duties as law enforcement firearm instructors.

The curriculum is designed to prepare students to develop and conduct safe, effective, reality-based and agency-related firearm training. Classroom instruction and practical exercises on the range provide a model for students to use in building their own agency programs. In addition, the school will enhance each student's firearm knowledge and handling skills. All classes and range exercises are conducted at the instructor level, with students conducting many of the range exercises to gain experience. Students are exposed to a wide variety of shooting techniques, training methods, and tactical philosophies, which allows them to choose what best serves their students.

Each of our Instructor Development Schools consists of a minimum of forty-four (44) contact hours during a five (5) day school. "Contact hours" refers to actual instructional time in the classroom and on the range, and does not include travel time between the lodging and training site, meal times, or range clean-up. Classes will be conducted from approximately 0730 to 1800 Monday, and 0800 to 1730 hours, Tuesday through Friday, plus one late night to accommodate reduced light shooting. 100% attendance and participation is MANDATORY for successful school completion. Students must demonstrate teaching and shooting proficiency and pass a written examination in all of the schools.

Prerequisites: A marksmanship ability of consistent 6 inch groups with a rifle at 50yards from prone, sitting, kneeling, and standing positions, and the ability to make accurate rifle sight adjustments, field strip, reassemble, load and unload, prior to arrival.

Registration: Tuition is \$645 payable to NRA prior to school (check, money order, credit card, or PO#). Range Fee is \$50 payable to the "Ashland Gun Club" at school (check).

Deadline to register: February 25, 2019. To register: Print application at:
