NEED FOR THE RULE(S)

House Bill 2936, Section 3, directs DPSST to create a uniform background checklist and a standardized personal history questionnaire for use by law enforcement units in hiring applicants to be public safety officers. Implementation of the checklist and questionnaire standards prescribed by HB 2936 will require amendments to the administrative rules that address the background investigation requirements for public safety officers and instructors and the minimum employment standards for public safety officers.

DOCUMENTS RELIED UPON, AND WHERE THEY ARE AVAILABLE

The legislative record for House Bill 2936 (2021) is available on the legislative website.

The Police (PPC), Corrections (CPC), and Telecommunications (TPC) Policy Committees, the Board on Public Safety Standards and Training (Board), and the Background Workgroup meeting minutes are available on the Department of Public Safety Standards and Training (DPSST) website. The DPSST staff memos prepared for each entity are available by submitting a records request to DPSST. Website: www.oregon.gov/dpsst

STATEMENT IDENTIFYING HOW ADOPTION OF RULE(S) WILL AFFECT RACIAL EQUITY IN THIS STATE

These rules apply to law enforcement units and public and private safety agencies employing criminal justice public safety officers. The rule changes are intended to implement House Bill 2936, which was legislation focused on improving background investigation processes for hiring public safety officers. There are no known direct impacts that will affect racial equity in this state.

FISCAL AND ECONOMIC IMPACT:

These rule changes implement House Bill 2936 from the 2021 Legislative Session. While the legislation was determined to have a minimal expenditure impact on state or local government, these proposed rule changes have undetermined fiscal and economic impacts.

Under the current rules, law enforcement units and public or private safety agencies hiring public safety officers are already required to conduct a background investigation before hiring an applicant.

The psychological evaluation requirement for all public safety officers may have a fiscal impact. Prior to these rule changes, only police officers and reserve officers were required by law or rule to have a psychological evaluation. HB 2936 and these rule changes expand the psychological evaluation requirement to include corrections officers, parole and probation officers, regulatory specialists, telecommunicators, and emergency medical dispatchers. This requirement is expected to have a greater impact for agencies that do not already conduct psychological evaluations for applicants hired in these disciplines. Additionally, there may be increased administrative responsibilities for agencies, whether it be managing the scheduling arrangements or managing the medical records after the evaluation is completed. Another impact factor will be dependent on the length of time it takes to complete the hiring process when the psychological evaluation must be completed before hiring and some agencies are experiencing 3-6 month wait times to get an evaluation.

The personal history questionnaire standards may have a fiscal impact. Under the current rules, all agencies are required to obtain a personal history statement from the applicant during a background investigation. This process was previously undefined. The rule changes implement a standardized list of questions that every agency must use. DPSST will provide a questionnaire form for agency use. Agencies that use an alternate collection method may incur costs for changes to the program or resource they currently use to bring their questionnaire in compliance with the rule.

There are no fiscal or economic impacts identified for the Board on Public Safety Standards and Training (Board) or the Department of Public Safety Standards and Training (DPSST). There are no fiscal or economic impacts identified for members of the public. Affected entities and small businesses are identified below.

COST OF COMPLIANCE:

(1) Identify any state agencies, units of local government, and members of the public likely to be economically affected by the rule(s). (2) Effect on Small Businesses: (a) Estimate the number and type of small businesses subject to the rule(s); (b) Describe the expected reporting, recordkeeping and administrative activities and cost required to comply with the rule(s); (c) Estimate the cost of professional services, equipment supplies, labor and increased administration required to comply with the rule(s).

(1) Entities Fiscally Impacted by the Rule Change

State Agencies: Oregon State Police, Department of Corrections, Oregon Liquor and Cannabis Commission, Board of Parole and Post-Prison Supervision, Department of Justice, and Oregon Judicial Department

Cities and Counties: Police Departments, Sheriff's Offices, Dispatch Centers, and Community Corrections agencies

Tribal governments with public safety officers certified by DPSST

Oregon Health Sciences University (OHSU)

Public Universities with Police Departments

Private Ambulance Companies with emergency medical dispatchers certified by DPSST

(2) Small Business Statements

Private ambulance companies employing emergency medical dispatchers who are certified by DPSST may be considered small businesses. While these private safety agencies are currently required to conduct a background investigation, the amended background investigation standards adopted by these rule changes include completion of a psychiatric or psychological evaluation which is anticipated to increase agency costs for hiring emergency medical

dispatchers. These private safety agencies may also have an increase in costs related to implementation of the personal history questionnaire standards. This cost may be mitigated by use of the personal history questionnaire form provided by DPSST. The small business costs for compliance with these rule changes are undetermined at this time.

DESCRIBE HOW SMALL BUSINESSES WERE INVOLVED IN THE DEVELOPMENT OF THESE RULE(S):

Potentially affected entities were involved through constituent partners on the Telecommunications Policy Committee (TPC) and the Board on Public Safety Standards and Training (Board). Small businesses, as well as state agencies, units of local government, and the public are invited to submit written comments to the agency rules coordinator during the public comment period on whether other options should be considered for achieving the rule's substantive goals while reducing the negative economic impact on business.

WAS AN ADMINISTRATIVE RULE ADVISORY COMMITTEE CONSULTED? NO IF NOT, WHY NOT?

These proposed rule changes apply to law enforcement units and public and private safety agencies employing criminal justice public safety officers. The proposed rules were reviewed and approved by the Police (PPC), Corrections (CPC), and Telecommunications (TPC) Policy Committees. After the public comment period, the proposed rule changes will be reviewed by the Board on Public Safety Standards and Training (Board) to be approved as permanent rule changes. The Committees and the Board include representatives of the organizations or associations that represent the officers and agencies who are subject to the administrative rules. The membership of the Committees and the Board is found in Oregon Revised Statutes (ORS) 181A.360 and 181A.375.

RULES PROPOSED:

259-008-0010, 259-008-0011, 259-008-0015, 259-008-0080

AMEND: 259-008-0010

RULE SUMMARY: OAR 259-008-0010 defines the minimum standards for employing a police officer, corrections officer, parole and probation officer, or regulatory specialist or utilizing a reserve officer. The minimum standards for employment include standards the applicant must meet as an individual and processes the hiring agency must complete.

These rule changes implement House Bill 2936 (2021 Legislative Session). These rule changes are expected to become effective July 1, 2023.

Section (3) adds the background investigation requirement to this rule for consistency.

Section (11) amends the pre-employment psychological screening standards for police officers and reserve officers to include corrections officers, parole and probation officers, and regulatory specialists. The amendments to section (11) include the following rule change concepts to blend the existing standards with revisions implementing HB 2936. A psychiatric or psychological evaluation of the applicant is required for the uniform background checklist prescribed by HB 2936.

1. Revising terminology.

law enforcement unit -to- hiring agency

psychological screening -to- psychological evaluation

licensed mental health professional -to- licensed psychologist or psychiatrist

2. Replacing the definition of a licensed mental health professional with definitions for a licensed psychologist or psychiatrist, resulting in a change to what type of providers may administer a psychological evaluation.

3. Clarifying when a psychological evaluation is required.

identifying the psychiatric or psychological evaluation of the applicant at the time of initial hire to meet the requirements of HB 2936

recognizing the common practice of rehiring officers after retirement (returning to the same discipline)

maintaining the intent of the police officer and reserve officer psychological screening requirements under ORS 181A.485

4. Adding the assessment of an applicant's tendencies, feelings and opinions toward diverse cultures, races and ethnicities and differing social, political, economic and life statuses, as prescribed by HB 2936.

RULE SUMMARY: OAR 259-008-0011 defines the minimum standards for employing a telecommunicator or emergency medical dispatcher. The minimum standards for employment include standards the applicant must meet as an individual and processes the hiring agency must complete.

These rule changes implement House Bill 2936 (2021 Legislative Session). These rule changes are expected to become effective July 1, 2023.

Section (1) adds the background investigation requirement to this rule for consistency.

Section (10) adds pre-employment psychological evaluation standards for telecommunicators and emergency medical dispatchers to facilitate and define the psychiatric or psychological evaluation of the applicant that is required for the uniform background checklist prescribed by HB 2936. The standards adopted in this section mirror the standards for law enforcement officers in OAR 259-008-0010 (11).

(10)(b) clarifies when a psychological is required which includes for the initial hiring and situations when a person is hired back after a separation of employment.

(10)(c) defines the intent of the psychological evaluation.

(10)(d) requires the psychological evaluation be conducted by a psychologist or psychiatrist. This is based on the HB 2936 bill language requiring information about a psychiatric or psychological evaluation of the applicant. (10)(a) defines licensed psychologist and psychiatrist.

(10)(e) defines what is included at a minimum and includes the HB 2936 assessment requirement.

(10)(f) - like the pre-employment medical – this type of evaluation must conform with the Americans with Disabilities Act.

(10)(g) specifies that a completed evaluation is good for one year. If the applicant hasn't been hired within one year of the psychological evaluation, another one will need to be completed.

(10)(h) maintains the hiring agency's authority in this process. It is the hiring agency's discretion to determine how to use or weigh the information received through the psychological evaluation when making hiring decisions.

RULE SUMMARY: These rule changes implement House Bill 2936 (2021 Legislative Session). These rule changes are expected to become effective July 1, 2023.

The background investigation standards defined in OAR 259-008-0015 are uniform requirements that every agency must use when hiring an applicant as a public safety officer.

Section (1) maintains the current requirement that agencies must complete a background investigation before hiring an applicant as a public safety officer. As defined in OAR 259-008-0005, public safety officer includes a corrections officer, emergency medical dispatcher, parole and probation officer, police officer, reserve officer, telecommunicator, or regulatory specialist.

HB 2936 references a law enforcement unit, and the rule references a public or private safety agency, which as defined in OAR 259-008-0005 includes a law enforcement unit. Not all telecommunicators and emergency medical dispatchers are employed by a law enforcement unit. Continuing to use the term public or private safety agency as defined in OAR 259-008-0005 will ensure that the background investigation requirements continue to apply to all public safety officers subject to OAR Chapter 259 Division 8. Additionally, this rule will no longer apply to the background investigations required for instructors (see OAR 259-008-0080). Instructors are not included in the definition for public safety officer.

Section (2) identifies all parts of a background investigation that are required. The list includes the subject areas that must be investigated, items provided by the applicant, and the psychological evaluation.

Subsections (2)(a) - (e) are components from the current rule that have been revised to meet the requirements of HB 2936 and the form and style of the revised rule language. Subsection (2)(b) lists specific subject areas for investigation. Under the current rule language, background investigations are required to include investigation into personal and professional references and records which may include financial information. For implementation of HB 2936, (2)(b)(J) includes a specification that there be three or more references interviewed by the agency and (2)(b)(F) makes investigation of the applicant's finances a required investigation category. An intent statement was added to employment history in (2)(b)(E) that was based on legislative discussions and hearings across several bills and sessions. A new investigation category was added in (2)(b)(G) relating to memberships and associations based on section 2 of HB 2936 (ORS 181A.688), which addressed legislative findings related to the intent of the bill.

Subsection (2)(f) adds the psychological evaluation as a component of the background and pre-employment hiring process. The psychological evaluation is linked to the background process through the HB 2936 requirement for the agency to document a description of the psychological evaluation that includes the evaluator's name and license number and an assessment of the applicant's tendencies, feelings and opinions toward diverse cultures, races and ethnicities and differing social, political, economic and life statuses. Prior to HB 2936, only police officers and reserve officers were required to complete a psychological evaluation (ORS 181A.485). With the implementation of HB 2936, the psychological evaluation will be a requirement for all public safety officer disciplines. The standards for the psychological evaluation are defined in OAR 259-008-0010 and 259-008-0011.

Section (3) includes implementation of a checklist or equivalent documentation for completed background investigations. DPSST will provide a checklist form for agency use. The checklist form is for documentation purposes. In acknowledgement that agencies may have documentation systems already in place, the intent of the rule is to allow agencies to continue to use those systems as long as they include the descriptions that are required by statute.

Section (4) adopts a list of questions that must be used by every agency for the purposes of a standardized personal

history questionnaire. The list of questions will be attached to the administrative rule. After adoption of the rule, the questions cannot be changed without completing a proposed rule change. DPSST will provide a questionnaire form for agency use. In acknowledgement that agencies may have personal history questionnaires that are conducted online or using other collection methods, the intent of the rule is to allow agencies to continue to use those collection methods as long as the questionnaire that they administer includes the questions provided in the personal history question list. All of the personal history questions must be included in the questionnaire provided by the agency and the questions must be included as written. The agency will be able to include the questions in any order and they are not limited to only using the questions in the list. The current date of the personal history question list is noted as July 1, 2023. The date that will be published in the permanent rule will coincide with the effective date of the rule and the new background investigation standards.

Section (5) maintains current rule language requiring retention of background investigations and availability for DPSST review if requested.

AMEND: 259-008-0080

RULE SUMMARY: Per HB 2936, the checklist and questionnaire requirements are for hiring public safety officers. The definition of a public safety officer does not include instructors. This rule change separates the background investigation requirements for instructors from the background investigation requirements for public safety officers. See Section (5).

CHANGES TO RULE:

259-008-0080

Instructors for Mandated Training ¶¶

(1) Definitions. For the purposes of this rule:¶¶

(a) "Instructor" means an individual, including volunteer or loaned personnel, who is employed or utilized by DPSST or the Department of Corrections for the instruction of any portion of a Board-approved curriculum for a mandated training course, including the following:¶¶

(A) The DPSST basic police, corrections, parole and probation, regulatory specialist, telecommunications or emergency medical dispatcher courses, excluding field training;¶¶

(B) The Department of Corrections basic corrections course, excluding field training;¶¶

(C) The career officer development courses, excluding field training;¶¶

(D) A DPSST instructor development course; or¶¶

(E) The DPSST supervision leadership academy or organizational leadership management course.¶¶

(b) "Employer" means DPSST or the Department of Corrections.¶¶

(2) These instructor employment and certification requirements do not apply to individuals assigned by a public or private safety agency to instruct non-mandated training, training required to maintain DPSST-issued public safety professional certifications or a field training manual.¶¶

(3) Instructors must be certified prior to being assigned primary responsibility for the instruction of any portion of a Board-approved curriculum for a mandated training course.¶¶

(a) Primary responsibility for instruction means that the instructor is the certified instructor of record for the course completion documentation identified in OAR 259-008-0085.¶¶

(b) The employer delivering the mandated training course is responsible for ensuring that certified instructors are assigned to the topics that they are qualified to instruct.¶¶

(4) When an employer hires or separates an instructor, the employer must report the personnel action to the Department, on a form provided by the Department, within 10 business days of the employment or utilization status change.¶¶

(5) Pursuant to OAR 259-008-0015, ¶¶ The employer must conduct a background investigation on each individual being considered for employment or utilization as an instructor.¶¶

(6) DPSST Instructor Certification. To be eligible for certification as an instructor, an individual must:¶¶

(a) Be currently employed or utilized as an instructor;¶¶

(b) Have experience that meets the requisite knowledge, skills and abilities to perform the duties of an instructor as determined by the employer;¶¶

(c) Successfully complete employer specific instructor development training:¶¶

(A) Instructors employed or utilized by the Department must successfully complete the Board-approved Adult Learning Core Course as defined in OAR 259-008-0085.¶¶

(B) Instructors employed or utilized by another employer must successfully complete instructor development training or possess, as determined by the employer, the knowledge and skills needed to instruct the mandated course.¶¶

(d) Never have had a public safety professional certification denied, suspended or revoked by the Department under OAR 259-008-0300;¶¶

(e) Not have any convictions, criminal dispositions, or a history of conduct that would constitute a mandatory disqualifier as defined by section (9) of this rule;¶¶

(f) As determined by the employer, not have any convictions, criminal dispositions, or a history of conduct that would adversely impact the instructor's position as a role model, a leader within the public safety profession and a source of expertise for critical learning components; and¶¶

(g) Submit an application for certification on a form provided by the Department.¶¶

(7) Notification of Arrest or Criminal Citation to Appear. A certified instructor who is arrested, or receives a criminal citation to appear or its equivalent, for any offense punishable as a crime must notify the Department within five business days. Notification must be in writing and include the date of the arrest or citation, the location of the arrest or citation, the reason for the arrest or citation and the arresting or citing agency.¶¶

(8) Expiration and Reactivation of DPSST Instructor Certification.¶

(a) Notwithstanding subsection (d) below, an instructor's certification will expire upon separation from a certifiable instructor position.¶

(b) In order to become recertified as an instructor, an individual with an expired instructor certification must meet the instructor certification requirements as defined in section (6) and submit a new application for certification.¶

(c) When an individual's instructor certification has been expired for more than three years, the instructor must successfully recomplete or satisfy the applicable instructor certification training requirement found in subsection (6)(c) prior to the reissuance of certification.¶

(d) The Department will stay the expiration of instructor certification for an instructor whose separation from a certifiable instructor position occurs while the individual's public safety professional certification is under review pursuant to OAR 259-008-0300 or the individual's instructor certification is under review pursuant to section (9) of this rule until a final determination has been made regarding the individual's fitness for certification as an instructor or public safety professional.¶

(9) Grounds to Deny or Revoke Instructor Certification. The Board has determined that the following conduct constitutes mandatory grounds for denial or revocation of instructor certification because such conduct violates public trust in the public safety profession, and violates the trust that students and their employers place in instructors as professional leaders and role models in public safety. The Department must deny or revoke an instructor's certification upon a finding that:¶

(a) The instructor intentionally falsified any information submitted on the application for instructor certification or on any documents submitted to the Board or the Department;¶

(b) The instructor does not meet the applicable minimum standards, minimum training or the terms and conditions for instructors established under ORS 181A.410 as defined in OAR chapter 259 division 8;¶

(c) The instructor's public safety professional certifications have been denied, suspended or revoked pursuant to OAR 259-008-0300;¶

(d) The instructor engaged in intentional conduct while performing the duties of an instructor that constitutes Instructor Misconduct and the conduct resulted in or coincided with any non-voluntary or voluntary separation of employment. Instructor Misconduct includes dishonesty or deception, harassment, discrimination, assisting a student to cheat, or falsifying documentation related to training, testing or certification; or¶

(e) The instructor has a disqualifying criminal offense. Disqualifying criminal offenses are:¶

(A) A conviction for any offense designated under the law of the jurisdiction where the conviction occurred as being punishable as a felony or as a crime for which a maximum term of imprisonment of more than one year may be imposed;¶

(B) A conviction in any jurisdiction for any offense involving the unlawful use, possession, delivery or manufacture of a controlled substance, narcotic or dangerous drug;¶

(C) A conviction in any jurisdiction for a bias or hate crime;¶

(D) A conviction in any jurisdiction for any offense involving domestic violence. For the purposes of this rule, domestic violence includes abuse of a child, and the term "domestic violence" has the meaning given by ORS 135.230, the term "abuse" has the meaning given by ORS 107.705, and the term "child" means a child who is under 18 years of age and is a natural child, adopted child, stepchild, a child under the guardianship of, or a child who regularly resides or formerly resided in the same household as the instructor; or¶

(E) The person is a sex offender pursuant to ORS 163A.005(6).¶

(10) Denial and Revocation Processes.¶

(a) Upon receipt or discovery of information that would lead an objectively reasonable person to conclude that an instructor engaged in conduct that is mandatory grounds for denial or revocation, as defined in section (9) of this rule, the Department will prepare and serve a Notice of Intent on the instructor.¶

(b) Notice of Intent. The Department's denial or revocation of an instructor's certification will be administered in accordance with the applicable provisions of the Attorney General's Model Rules of Procedure, adopted under OAR 259-005-0015, for Notice of Intent, Request for Hearing and Contested Case Procedure.¶

(c) Scope. The Department's denial or revocation of an instructor's or applicant's certification for subsection (9)(d) of this rule will only apply to the instructor certification. However, the application of this rule does not preclude the Department from denying, suspending or revoking any other certification or license in accordance with the rules established for denial, suspension or revocation for the other certification or license.¶

(d) Ineligibility. An instructor whose certification is revoked pursuant to this rule is permanently ineligible for instructor certification. Any application for instructor certification submitted by an individual who has been denied or revoked pursuant to this rule will be denied in accordance with the applicable provisions of the Attorney General's Model Rules of Procedure, adopted under OAR 259-005-0015, for Notice of Intent, Request for Hearing and Contested Case Procedure.
