Class Title: Centrifuge Training: VCQB Instructor

Target Audience: Law enforcement Force Options instructors

Sponsoring Agency: Columbia City Police Department and Pacific Tactical, LLC

When: 5/21-5/25/2018

Overview: Vehicle CQB Instructor is now a full 5-day program to include a UTM Instructor certification and the Force Instructor Update. With current use by the FBI, TX DPS, RCMP, Michigan State Police, NYPD, USMS, Texas Tactical Police Officers Association, Ohio Tactical Officers Association and many others, the VCQB program has become the national standard within the law enforcement community for vehicle based engagements.

VCQB Instructor is an accelerated shooting class focused on positional shooting and critical light manipulations in and around vehicles. Students will push the boundaries of "traditional" cover and concealment utilizing various cars and trucks in a true 3D environment. Drills will incorporate critical weapon employment while engaging threats in, around, from, over and under vehicles with a heavy emphasis on problem solving. Lighting principles and threat assessment all play a major factor in this course. Live ballistic demos with a variety of ammunition will be conducted as the class explores ballistic deflection, deformation, penetration and terminal effect in direct correlation to various vehicle mediums. Classroom portions will include video diagnostics, statistics, tactics and the science behind why we win and lose around vehicles.

The final day of the VCQB instructor program will give students non-lethal training ammo curriculum to advance their department's status quo past static square range tactics. This dynamic curriculum is developed in a drill format that allows students to experience common avenues of attack by motivated threats in and around vehicles. The curriculum is based on the UTM training model and ensures the highest performance from students prior to them encountering an actual engagement.

Students will leave with a full instructor packet to include extensive lesson plans, a power point, video diagnostics, diagrams and relevant studies.

This course will have long days and a night shoot (depending on range logistics).

Upon satisfactory completion of this 40 hour course students will be awarded:

Overview: NRA Law Enforcement Firearm Instructor Development Schools develop and enhance both instructor skills and firearm handling skills of all students so they can effectively teach their officers to win lethal encounters. These schools are intended for public and private law enforcement officers and military personnel who are currently assigned, or about to be assigned, duties as law enforcement firearm instructors.

The curriculum is designed to prepare students to develop and conduct safe, effective, reality-based and agency-related firearm training. Classroom instruction and practical exercises on the range provide a model for students to use in building their own agency programs. In addition, the school will enhance each student's firearm knowledge and handling skills. All classes and range exercises are conducted at the instructor level, with students conducting many of the range exercises to gain experience. Students are exposed to a wide variety of shooting techniques, training methods, and tactical philosophies, which allows them to choose what best serves their students.

Each of our Instructor Development Schools consists of a minimum of forty-four (44) contact hours during a five (5) day school. "Contact hours" refers to actual instructional time in the classroom and on the range, and does not include travel time between the lodging and training site, meal times, or range clean-up. Classes will be conducted from approximately 0730 to 1800 Monday, and 0800 to 1730 hours, Tuesday through Friday, plus one late night to accommodate reduced light shooting. 100% attendance and participation is MANDATORY for successful school completion. Students must demonstrate teaching and shooting proficiency and pass a written examination in all of the schools.

Prerequisites: Patrol Rifle - A marksmanship ability of consistent 6 inch groups with a rifle at 50 yards from prone, sitting, kneeling and standing positions, and the ability to make accurate rifle sight adjustments, field strip, reassemble, load and unload, prior to arrival.

This 2-day workshop offers state-of-the-art training in applying the guidelines and standards currently used for conducting post-offer, return-to-work, disability, or annual examinations of law enforcement officers (LEOs) and fire fighters. While the program focus is clinical, the course is also intended for and will benefit public safety administrators, risk managers, and all others who want and need a better understanding of how their health care partners make their medical judgment determinations. There will also be an interactive session for participants to try on police/fire gear.

LEARNING OBJECTIVES / Upon completion, attendees should be able to:
-Understand the principles guiding medical requirements of LEOs and fire fighters, including understanding the essential job functions, and the role of occupational physician.
-Learn to evaluate LEOs and fire fighters for medical conditions that are related to specific organ systems using ACOEM’s LEO guidance and NFPA 1582.
-Understand how to improve the outcomes of fitness-for-duty decisions by increasing provider competence in application of evidence-based and consensus guidelines.

LEARN FROM THE LEADERS: FACULTY
The faculty is drawn from members of the American College of Occupational and Environmental Medicine’s (ACOEM) Public Safety Medicine Section. In addition to authoring the ACOEM Guidance for the Medical Evaluation of Law Enforcement Officers, the faculty also includes co-authors of NFPA 1582, the standard for the medical evaluation of fire fighters:

Daniel G. Samo, MD – Northwestern Medicine & Northwestern / Feinberg School of Medicine, Chicago
Fabrice Czarnecki, MD, MA, MPH – Chief Medical Officer, Transportation Security Administration
Thomas Hales, MD, MPH – Captain USPHS (Ret), NIOSH-CDC

CONTINUING EDUCATION CREDITS: The American College of Occupational and Environmental Medicine (ACOEM) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians. ACOEM designates this educational activity for a maximum of 12.75 AMA PRA category 1 credit(s). Each physician should only claim credit commensurate with the extent of their participation in the activity. All attendees who complete this 2-

Class Title:  Insurance Fraud- A General Overview

Target Audience:  Law enforcement patrol officers and detectives

Sponsoring Agency:  Washington Co. Sheriff's Office

When:  6/12/2018

Registration Deadline:

Contact:  

Hours:  0900-1600

Where:  Washington County Sheriff's Office, Training Rooms, 215 SW Adams Ave. Hillsboro, Oregon 97123

Cost:  Free

Instructors:  Attorney Dan Thenell, Attorney

Overview:
This course will provided a general overview of insurance fraud for law enforcement patrol officers and detectives. You will learn to recognize common fraud schemes involving insurance claims. The instructor will present case study examples including vehicle and arson claims. Relevant insurance policy language will be explained and Oregon statutes that apply to insurance fraud cases will be reviewed.

Speaker:  Attorney Dan Thenell, Attorney

Dan formed Thenell Law Group in 2012. Dan's practice focuses on the investigation and litigation of Special Investigation Unit (SIU) claims and first and third party coverage claims. Within his areas of practice, Dan is experienced in the bad faith and claim coverage issues inherent in first party SIU investigations and litigation. Dan also handles general liability and personal injury claims. Before creative Thenell Law Group, Dan spent six years as a partner with a large litigation defense firm. Prior to that, Dan represented cities and counties in civil rights and employment cases. He worked for six years as a Washington County Deputy District Attorney, where he prosecuted more than 60 jury trials and numerous court trials. Dan specialized in the prosecution of the large-scale identity theft and fraud crimes. He has also trained law enforcement officers in report writing, search and seizure and domestic violence. Dan regularly defends insurers against coverage and extra-contractual allegations. In 2014, Dan tried and obtained defense verdicts in actions for breach of contract, bad faith and violations of consumer protection statues in the United States District Courts for Washington and Idaho. Both cases arose from intentional fire losses. In 2015, Dan tried four Oregon and Washington federal first party trials through verdict, achieving favorable results for his clients. In the first quarter of 2016, Dan tried a three-week first party case in Washington state court and a multi-day insurance fraud case in Oregon state court, receiving a defense verdict for his client on material misrepresentation ground. In addition to being a trial lawyer, Dan has conducted hundreds of EUOs regarding property and casualty claims in Oregon, Washington, Idaho and Alaska. Dan also conducts policy language reviews and provides general coverage advice to clients on Pacific Northwest liability and property issues.

Class Title: Officer Down!
Target Audience: Police officers, police supervisors, SWAT, parole and probation
Sponsoring Agency: Newberg-Dundee Police Department and 6 O’clock Industries

When: 7/11/2018
Registration Deadline: 7/1/18

Contact: Andrew Davis; info@6oclockindustries.com

Hours: 0900-1700
Where: Newberg-Dundee Police Department, 401 East Third Street, Newberg, OR 97132
Cost: $120

Instructors: Nic Cederberg (OSP), Sgt Rich Nofield (Seaside), Andrew Davis (Bend)

Overview: Come experience an exceptional training designed to mentally and physically prepare officers for a serious line of duty injury. Hosted by the Newberg-Dundee Police Department, Officer Down! provides attendees with firsthand knowledge of what worked, what didn't and how they can prepare for an officer's worst fear.

Nic Cederberg with the Oregon State Police will share his dramatic story from Christmas night (2016) when he was shot 12 times at point blank range. Nic will provide his experience before and after the incident to help officers mentally prepare for being a survivor.

Sergeant Rich Nofield from the Seaside Police Department will then provide a humbling presentation on the lessons learned from being on scene when Sergeant Jason Goodding was killed in the line of duty on February 5th (2016).

The afternoon session features a Tactical First Aid training by Officer Andrew Davis from Bend PD who shares his own officer involved shooting experience and offers hands on practical training that he used to help his partner, who was shot on duty in 2013.

Hours: 0800-1700
Where: Washington County Sheriff's Office, 215 SW Adams St, Hillsboro, Oregon
Cost: $195.00

Instructors: Chief Harry P. Dolan (Ret.)

Overview: This course provides public safety professionals of all ranks, sworn and civilian, with practical time-tested leadership lessons learned from the arena. The program has been developed to prepare today's leaders to confront the new reality of heightened transparency and unprecedented expectations. Chief Harry P. Dolan (Ret.) places a laser-like focus on specific leadership actions and traits that have led to success or failure when navigating challenging times. "We are not doomed to repeat history if we grow to understand that war stories may indeed be case studies. When combined with evidence-based research, these case studies and practical experience contain valuable leadership lessons."

Understand the research on field leadership in public safety: Stop guessing and start applying what we know works.
- Establish a solid understanding of performance motivational theory.
- Identify what great leaders do when bad things happen.
- Understand commander's intent, unity in command and groupthink.
- Build and maintain professional ethics throughout the organization:
- Why the "taking care of the troops" philosophy doesn't have to result in compromising high expectations.

Overview: Threat Assessment Training for Student and Community Threats A Comprehensive System for Threat Management in the Community, K-12 Schools and College Campuses

For over a decade, the Willamette Valley Adult Threat Advisory Team and the Mid-Valley Student Threat Assessment Team have been well-functioning entities focused on the threat of violent behavior. Built from a collaborative, multi-agency structure, both teams operate a regional system that serves school districts, higher education institutions and the community. Over the years, the teams have developed an annual training for new members but have also offered their training expertise to other professionals interested in developing threat assessment systems or sharpening their assessment skills.

The training now takes place over a three-day time frame, beginning with participation in the Adult Threat Advisory Team meeting on Tuesday morning and ending with participation in the Student Threat Assessment Team meeting on Thursday afternoon.

Throughout the course, a multidisciplinary team (education, law-enforcement, mental health, campus security, Court staff, and parole and probation) will present the following:

*The basics of threat assessment including a survey of the research that addresses aggression and threat assessment as well as the recommendations of field experts and practitioners.

*The application of the research and recommendations into the use of higher education, K-12 and community threat assessment protocols.

*Training on the steps and developmental procedures necessary to implement a successful multidisciplinary, multi-agency threat assessment and management system on higher education campuses, in K-12 school districts and within the community.

*Multiple threat assessment labs and audience participation exercises.

Instructors: Primary Instructors: Ben Klecker and Rich Daniel, DPSST

Overview: The Department of Public Safety Standards and Training is offering a Basic Defensive Tactics Instructor Course. The intent of this course is to develop experienced officers, troopers, and deputies into competent instructors capable of teaching defensive tactics skills to all levels of public safety officers. This course is open to all police, corrections, and parole & probation officers. This course is very physically demanding. Participants have found that extra changes of clothing have made the day more comfortable. Participants must be free of any injury that would prevent full participation. Participants must demonstrate the ability to perform and instruct specific objectives and/or concepts to successfully complete this course.

REQUIRED EQUIPMENT:
T-shirts or polo shirts, Dri-Fit style works the best. Long sleeve shirts for Sim gun work. Loose fitting long pants and/or shorts (mid-thigh length only, no metal buttons or snaps) Non-marking shoes for mat work. Wrestling shoes or bare foot type footwear work the best. You will not be allowed to wear boots on the mat.

Duty belt with holster & keepers.

Training firearm (blue gun or red gun), Handcuffs & key.

Mouth guard.

Groin protection.

Sweat towels, Toiletries.

NO ONE SHALL PARTICIPATE IN TRAINING WITHOUT THE ABOVE ITEMS.

No live firearms, knives, or ammunition will be allowed into the building.

Food and Fluid Intake: We suggest you stay well hydrated during this course. Only water will be allowed in the mat rooms, you need to supply the container. Snacks may be important for performance and energy. Some examples would be fruit, power bars and protein bars. Please bring what works best for you.

Instructors: DPSST

Overview: ACTUAL CLASS DATES: July 5-8, 2018 (Segment #1) & July 26-29, 2018 (Segment #2)

The Department of Public Safety Standards and Training is offering an Emergency Vehicle Operations Instructor Development Course (EVOIC # 27) in July 2018. This course is intended to develop certified instructors capable of delivering basic recruit Emergency Vehicle Operations (EVO) training for DPSST Basic Police and Regional Training programs. Unlike previous EVO Instructor schools, this course will be delivered in two segments and utilize longer training days.

The emphasis of EVOIC #27 will be to train new instructors to a level where they effectively assist with basic academy EVO classes in Salem and deliver quality regional training sponsored by DPSST throughout the state. Priority in selection will be given to applicants/agencies who demonstrate support for this mission by participation in the Basic Academy programs.

Applicants must be able to schedule (and commit to attending) both segments. Applicants who are selected to participate as instructor candidates will be sent the EVOIC training materials in an electronic format at least 30 days prior to the start of the course. The candidate may print the information at their agency's expense.

Due to the weekend schedule, meals will not be provided with this course. Lodging will be available to candidates requiring overnight accommodation.

CONDITIONAL ACCEPTANCE:

Candidates will be offered a conditional acceptance to the course and prior to receiving a confirmed position in the class, will be expected to pass a driving skill assessment at least two weeks prior to the beginning of the course. This qualification process will be conducted by a DPSST Senior Instructor at the DPSST facility in Salem and the candidate must achieve a minimum passing grade on the basic police qualification course.

Passing grades on a written test and a driving skills assessment will be required to complete the course. Candidates must score a minimum of 90% on the written assessment of DPSST EVO theory and techniques, instructor development materials, and general vehicle knowledge. All of the materials necessary for this written test will be provided electronically when a candidate is accepted to the course.
Emergency Vehicle Operations Course
7/5-7/29/2018

Class Title: Basic Emergency Vehicle Operator Instructor Course #27

Candidates who are not successful with their driving skills assessment will be allowed additional opportunities on dates, however all assessments must be complete prior to June 20, 2018. Candidates failing to demonstrate the minimum driving assessment score will not be allowed to participate in this EVOIC.

Candidates are encouraged to visit one or more DPSST Basic Police EVO sessions prior to a testing session to brush up on their driving skills. This will give candidates some one-on-one time with senior instructors. A schedule of practice and testing dates are at the end of this announcement.

An agreement to assure the candidate is scheduled for the 96 hour shadowing process and a minimum of 40 hours per year of instruction for DPSST, 24 of which is conducted at the Salem facility, will be attached with the conditional acceptance. The 40 hour per year requirement can be completed as an Agency Part Time (APT) paid instructor or as an Agency Loan Instructor. This document must be completed by a member of the agencies command staff and returned to DPSST as part of the acceptance package.

Additional Agency Considerations / Requirements:

1. Participation in a Basic Facilitator Course prior to this instructor course is highly recommended. Many of the instructional techniques used to deliver the EVO Instructor course will be presented and practiced during the Basic Facilitator Course.

2. Vehicles used during all driving exercises will be provided by DPSST.

3. Participants will be expected to sign a waiver of liability for DPSST.

4. All salaries and benefits of participants shall be borne by the agency.

5. Agencies need to ensure that they have adequate insurance coverage covering participation in this training.

6. All candidates will be required to complete a minimum of ninety-six (96) hours of supervised "shadow" instruction to receive certification as a DPSST EVO Instructor. This instruction will occur in conjunction with regularly scheduled EVO training at DPSST once the EVOIC is completed.

Any questions can be directed to Steve Westerberg; EVO Program Coordinator at the above address OR at 503-378-4412 OR via state email at steve.westerberg@state.or.us

Candidate Driving Practice / Testing Sessions:

Following are several dates that are available to candidates interested in honing their physical driving skills, spending time with a senior instructor, and looking at the EVO program at DPSST. Candidates can be tested on the same date as a practice is scheduled. Candidates are encouraged to attend at least one practice date prior to testing.

To schedule dates for practice and testing, contact Steve Westerberg via email at steve.westerberg@state.or.us or by telephone at 503-378-4412.

* February 27, 28, March 1
* March 27, 28, 29
* May 1, 2, 3
* May 29, 30, 31

The IPSLEI Leadership Development Program is a unique training opportunity that requires dedication and passion for learning. The course is designed to develop the leadership skills in current or imminent supervisors/managers to lead the future of public safety agencies in Oregon. Through a variety of learning methodologies such as written case studies, video analysis and interactive activities, students will not only study leadership but experience it within a learning environment. The program consists of four modules:

* Developing a Personal Philosophy of Leadership
* Leading Others Ethically
* Organizational Leadership
* Ethics and the Challenge of Leadership

The coursework is intense and demanding; completion will require the commitment of the student and their agency. Students will likely spend as much time working outside the classroom as they do in the classroom, with reading and writing assignments required for course completion.

Training hours earned in this program can be used to satisfy significant portions of the training requirements for Supervisory, Management or Executive certification through DPSST. Lower division undergraduate credit is available through Chemeketa Community College.

Overview: Do you think you could be an even better leader? Are you having difficulty leading people from other generations? Maybe you wish you could be more effective influencing up and down a command chain. Lastly, are your followers not as motivated and engaged as they could be? If you answered yes to any of these questions, Leading People in an Increasingly Dynamic World is the right course for you!

This course is taken direct from the FBI's world-renowned National Academy program and taught by one of the National Academy's top-rated leadership instructors. In this completely interactive course, participants will learn:

* The science behind motivating people.
* How to leverage automatic social psychological behaviors to influence others.
* The positive and negative effects of our unconscious biases.
* How to become a transformational leader
* Methods to create a memorable message by improving your communication skills.
* Deploy your emotional intelligence ability to diffuse toxic employees and toxic situations.

Leading People in an Increasingly Dynamic World will drastically elevate your skill set by getting you to consider your leadership in ways you have never previously. Not only will this course spur deep reflection, but it will also force you to see your leadership from new perspectives while you engage in real life practical problems. Participants have raved about Leading People in an Increasingly Dynamic World calling it the best leadership course they have ever attended and also the most fun. If you think you have room for improvement as a leader, then Leading People in an Increasingly Dynamic World is the course for you. After all, don't your followers deserve the best leader possible?

Instructors: Doug Showalter, Showalter & Company

Overview: If you've been in public safety for any amount of time then you already know that preparing for the unexpected is the key to success. Showalter & Company brings decades of real experience and will use actual events to build memory markers during this fast paced course.

We'll cover the unusual to the frightening, ranging from calls of wild animals, to active shooter events, to the terrifying possibility of answering a 911 call from someone in a rapidly sinking vehicle. Some incidents will allow you time to plan & prepare a response while others happen so quickly you must act fast and efficient.

This course will provide successful techniques, practical tips, and proven methods designed to prepare you for the unexpected whether you're on a radio or answering calls. By building a solid foundation of knowledge, training and experience, you'll be better prepared to respond to the next unexpected event.

Cost: $365.00

Instructors: Ross Rutschman

Overview: The Emergency Medical Dispatcher (EMD) has been recognized as an essential component of effective EMS systems. Proper and timely training as well as a sound medical protocol are what help EMDs deliver quality care to the calling public with emergency medical needs.

Over the past decade, Medical Priority's EMD Certification Course has become the standard for EMD training. The course meets or exceeds all national criteria set by A.S.T.M., U.S Department of Transportation, National Association of EMS Physicians, and others.

The EMD Certification Course includes Medical Priority's EMD Course Manual. Available separately are the Advanced MPDS card sets, ProQA software, and the Principles of Emergency Medical Dispatch reference textbook.

Participants who complete the 3-day course will be eligible for certification through International Academy of Emergency Medical Dispatch. To be EMD-certified, the applicant must also be CPR-certified through the National Safety Council, American Heart Association, American Red Cross, European Resuscitation Council or equivalent. We recommend this training be completed prior to attending the EMD course.

Prerequisites: 18 yrs or older, High school diploma or GED equivalent, Current CPR Certification - see details in overview.

Presenters: Andy Prisco CCIS-V is the Founder of the Psychiatric Emergency Response Team program within the State of Washington's Department of Social and Health Services. It is a legislatively funded program that operates in several facilities throughout the State. The program’s structure, training, and people are credited with significant reductions in violence, injuries, and the use of seclusion and restraint in State Hospitals, Forensic Psychiatric Facilities, and Total Confinement Facilities. Andy is a Fellow with the National Anger Management Association (NAMA) and a co-developer of the only certification available in Crisis Intervention from a professional mental health association. He is an author of the Crisis Intervention Certification Handbook, Best Practices for First Responders (ISBN: 978-1-893505-65-0).

The NAMA credential is under adoption initiatives within a neighboring state to WA as an advanced and necessary credential for Crisis Intervention program coordinators in Public Safety Agencies throughout that State. Andy has provided trainings, in-services, and presentations across the United States as a subject matter expert through Crisis Intervention Partners, an organization dedicated to the advancement of competency trainings in Crisis Intervention/De-Escalation, to law enforcement professionals, hostage negotiation teams, crisis negotiation teams, fire/ems personnel, and psychiatric professionals.
Class Title: Certified Crisis Intervention Specialist Training - 3 Day Training

Laura Beth Moss CCIS-IV is a writer, teacher, Authorized Supervisor and Diplomat for the National Anger Management Association (NAMA). As Co-Director of Growth Central, she teaches and trains therapists, social workers and counselors to work with court mandated anger management clients. She is also a Certified Integrative Life Coach through the International Association of Counselors and Therapists. She specializes in helping people understand their personal narratives as well as integrate and explore complex, emotional states. More recently, she developed and co-wrote the Certified Crisis Intervention Handbook. Overview: Presenter: Casey Jackson created and is the Director of the Institute for Individual and Organizational Change. He has been training on Motivational Interviewing since 2002 and been part of the International Motivational Interviewing Network of Trainers (MINT) since completing the training with doctors William Miller and Theresa Moyers in 2008. Over the years he has provided nearly over 3000 trainings to individual agencies, corporations, and government organizations including healthcare, mental health, chemical dependency, vocational rehabilitation, child welfare, schools/universities, law enforcement, juvenile justice, corrections, re-entry programs, and drug courts.

General Objective: Provide public safety professionals the Evidence-Based communication model of Motivational Interviewing. The training focuses on the knowledge and skills that facilitate positive sustained behavior change versus compliance models that have little impact on recidivism.

Specific Objective:
- Distinguish between a compliance model and a behavior change model
- Identify Stages of Change in relation to "Types of Talk"
- Recognize how expressing empathy reduces resistance
- Develop a strategic response to difficult situations
