Hours:

Where: Eagle Crest, Redmond, OR

Cost: see 'Registration'

Instructors: see 'Overview'

Overview: Over the course of two-and-a-half days, we’re bringing together many experts, including litigation attorneys, employment and labor law attorneys, and a law enforcement consultant. They’re prepared to answer all of your complex legal and HR questions.

We’re featuring a comprehensive overview of administrative investigations (internal affairs) for both law enforcement and fire service. The course covers many topics, including:

- Why investigations are necessary and how management and attorneys use them in litigation;
- How to intake a complaint;
- How to choose an investigator and develop an investigation plan;
- What are the best practices for conducting investigations;
- How to best document your investigation;
- What are the legal issues as well as important case law; and
- What is the role investigations play in union termination grievances?

CIS Senior Pre-Loss Attorney Tamara Jones and Attorney Kyle Abraham with Barran Liebman discuss recent changes in employment and labor law of interest to public-safety employers. Attendees also learn how new case law and arbitration decisions can impact their organizations, and how to use those cases/decisions to avoid legal pitfalls in the workplace.

CIS Litigation Attorney Dave Lewis discusses recent federal cases that are of great interest to CIS law enforcement members. This session also presents a recent law enforcement case involving deadly physical force, which resulted in litigation involving multiple law enforcement agencies, including an overview of the case facts, trial, appeal and mediation settlement.

CIS Senior Litigation Attorney Steve Kraemer shares how police cases are analyzed — and what goes into the decision to either settle a case or proceed to trial. Discussion areas include, but are not be limited to, the impact of social media on a juror’s perception of police officers, the importance of discovery and depositions, the use of mock juries in evaluating liability questions, the importance of accurate report writing, and common concerns raised by juries about police conduct.

Prerequisites:

Registration: Cost: $150 for CIS members, $300 for non-members. Breakfast and lunch are provided Wednesday, Thursday and Friday; dinner is included on Thursday. Attendees are on their own for dinner Wednesday

Overview: The University of Oregon Police Department and the California Victim Compensation Board are pleased to announce the Leave No Victim Behind IV national training conference for 2019. The Leave No Victim Behind conference series will continue its focus on best practices for responding to mass violence and unique partnerships between law enforcement and victim services to assist victims of crime.

This year’s conference theme is long term recovery of communities following mass violence incidents. The conference dates follow the second anniversary of the Route 91 Harvest Festival shooting in Las Vegas on October 1. Las Vegas was specifically selected as the conference location to allow participants the opportunity to observe how a community continues to meet the needs of victims, survivors and responders of a large-scale mass violence incident on a long term basis. Participants will hear from responders and victims of the Las Vegas Route 91 Harvest Festival regarding their recovery process over the last two years.

Conference sessions will include presentations on long term recovery from responders and victims of the Virginia Tech shooting, the bombing of Pan Am Flight #103 over Lockerbie, Scotland, the Boston Marathon bombing, and more recent incidents such as the Borderline Bar shooting in Thousand Oaks, CA. Speakers will share best practices, challenges and their personal experiences.

The conference agenda will also feature a panel of survivors of law enforcement officers who have lost their lives in the line of duty. Sadly, the nation has witnessed a discouraging trend in law enforcement deaths and communities are seeking assistance with responding to and coping with the aftermath.

Information regarding resources and technical assistance provided by the federal Office for Victims of Crime, school grants and non-profit organizations will also be presented.

Conference attendees will include law enforcement, victim service providers, first responders, community based organizations, campus officials, crisis response teams, emergency management professionals and behavioral health specialists. This year’s conference is the fourth installment in the Leave No Victim Behind series and will build upon the excellence demonstrated in our prior conferences, which in the past have been supported by our local, state and federal partners, including the federal Office for Victims of Crime and the Oregon Department of Justice.

This one of a kind gathering of experts and responders provides essential training for the multiple professions that help victims and communities recover and heal from mass violence incidents.

8/5-8/8/2019

Class Title: RDS (Red Dot Sight) Handgun Instructor Course
Target Audience: LE firearms instructors
Sponsoring Agency: Ashland Police Department
When: 8/5-8/8/2019

Registration Deadline:

Contact: (Local) Art LeCours; 541.552.2137 direct line/541.488.5351 Fax line;
Hours: 0830-1730
Where: Ashland Police Department, 1155 E Main St, Ashland OR 97520 /Ashland Gun Club – 555 Emigrant Creek
Cost: $600.00

Instructors: Sage Dynamics Cadre (https://www.sagedynamics.org/untitled-sitepage_16)

Overview: The optic equipped handgun is not a new concept, though in the last decade technology has improved to allow for the Miniature Red Dot Sight (MRDS) to be reliably mounted to handguns intended for duty and general self-defense carry. With fundamental differences in techniques between the MRDS handgun and the rifle, instruction on the MRDS handgun presents unique problems for the instructor when introducing their students to proper skill development with their duty or carry MRDS handgun.

The RDS Handgun Instructor course is a culmination of years of MRDS handgun skill and technique development, made available to shortcut instructor trial/error on their own. This course will provide the trainer with a comprehensive understanding of common MRDS operations and science, as well as concepts and principles for teaching students to best use their MRDS duty or carry handgun. Students will be expected to meet minimum marksmanship requirements in order to complete this course.

Instruction includes:
Optic science
Optic selection and concerns
Administrative and SOP development for MRDS use (LE)
Duty carry/CCW Carry
Curriculum development for MRDS introduction training
Understanding proprioception, hand/eye coordination and engram development
Firearm fundamentals applied to the MRDS
Stress inoculation
Threat anatomy
Drawing from IWB/OWB
Tactical and emergency reloads
Austere shooting positions
Maximizing and recognizing adequate cover/concealment/deflection
Primary-hand-only weapon manipulation
Basic movement
Optic malfunctions/handgun malfunctions

Prerequisites: None, however students are encouraged to have an above-average marksmanship ability and prior experience as an instructor/teacher.

Hours: 0800-1700
Where: DPSST, 4190 Aumsville Hwy SE, Salem, OR 97317
Cost: Free. Lunch provided to all students.
Instructors: DPSST Staff

Overview: This class is designed to create competent handgun instructors using a building block approach to skill development and learning. IDC students will be exposed to current methods of adult learning theory, international best practices in the areas of outcome driven techniques and diagnosing the root causes behind problem shooters. There will be a live teaching component to the class, where instructor candidates will have the opportunity to run a live fire training block. There will also be a TCCC presentation designed by current tactical team medical staff.

All candidates will be required to complete a minimum of forty (40) hours of supervised "shadow" instruction to receive certification as a DPSST Handgun Instructor. This instruction will occur in conjunction with regularly scheduled academy firearms training at DPSST once the handgun IDC is completed. Assisting in delivery of regional training conducted by DPSST firearms coordinators will also meet this requirement.

Class Title: VCQB Instructor
Target Audience: LE / MIL / GOV
Sponsoring Agency: Bend Police Department

When: 8/26-8/30/2019

Registration Deadline:

Contact: see 'Registration';
Hours: TBD
Where: Bend Police Department Range Complex, 22400 McGrath Rd, Bend, OR 97701
Cost: $960

Overview: Vehicle CQB Instructor is now a full 5-day program to include a full day of force on force application. With current use by the FBI, TX DPS, RCMP, Michigan State Police, NYPD, USMS, Texas Tactical Police Officers Association, Ohio Tactical Officers Association and many others, the VCQB program has become the national standard within the law enforcement community for vehicle based engagements.

VCQB Instructor is an accelerated shooting class focused on positional shooting and critical light manipulations in and around vehicles. Students will push the boundaries of “traditional” cover and concealment utilizing various cars and trucks in a true 3D environment. Drills will incorporate critical weapon employment while engaging threats in, around, from, over and under vehicles with a heavy emphasis on problem solving. Lighting principles and threat assessment all play a major factor in this course. Live ballistic demos with a variety of ammunition will be conducted as the class explores ballistic deflection, deformation, penetration and terminal effect in direct correlation to various vehicle mediums. Classroom portions will include video diagnostics, statistics, tactics and the science behind why we win and lose around vehicles.

The final day of the VCQB instructor program will give students non-lethal training curriculum to advance their department’s status quo past static square range tactics. This dynamic curriculum is developed in a drill format that allows students to experience common avenues of attack by motivated threats in and around vehicles. The curriculum ensures the highest performance from students prior to them encountering an actual engagement.

Students will leave with a full instructor packet to include extensive lesson plans, a power point, video diagnostics, diagrams and relevant studies.

This course will have long days and a night shoot (depending on range logistics).

Upon satisfactory completion of this 40 hour course students will be awarded a VCQB Instructor Certification.

PRE-REQUISITES:

Hours: 0800-1700
Where: Ashland Police Department
Cost: $450

Instructors: Todd & Chrystal Fletcher, Combative Firearms Training, LLC

Overview: This course is for instructors who want to get their students to perform at a higher level, improve their own shooting skills, and understand how steel targets enhance adult learning. Quality steel targets can help instructors and their students balance speed and accuracy through skill-specific challenges with immediate feedback. This instructor class provides instructors with information regarding techniques to instruct shooters in the fundamentals of marksmanship, techniques and drills to build speed and accuracy, concepts and techniques to build drills to improve student performance, information on how steel targets and adult-learning affects shooter performance, as well as tips to coach, mentor, and instruct shooters. Advanced recoil management, trigger manipulation, shooting platform, movement, and presentation of the pistol will all be covered. The majority of this program is spent applying the fundamentals of marksmanship while learning how to develop speed and accuracy. This class is designed for the instructor who has a solid grasp of the fundamentals but is looking for information on how to improve shooter performance using quality steel targets.

Todd Fletcher has over 24 years of law enforcement experience and presents law enforcement firearms training nationwide at the basic, advanced, and instructor development levels. He is an IALEFI staff instructor for the Master Instructor Development Program as well as a staff instructor for the National Law Enforcement Firearms Instructor Association (NLEFIA). Todd has written numerous firearms training, building search, leadership, and active shooter training articles. July 7th, 2016 in downtown Dallas was a day most officers will not forget. It was the day a protest turned into an ambush that took five Dallas, Texas police officers lives. Both Byron Boston and Det. Gordon were present and played important roles during the active shooter incident and standoff. Byron was part of an extrication team and Det. Gordon was the lead negotiator and spent a great deal of time negotiating with the suspect. The presentation will delve into the details of the ambush, the non-traditional methods used to end the standoff and how the department and city dealt with the aftermath as well as lessons learned.

Overview: The examination and analysis of video evidence required dedicated software tools to ensure a thorough review has been conducted. A non-linear editor can assist with the process as well as provide additional tools and filters for producing derivative evidence and demonstrative results. One non-linear editor that can provide these tools and so much more is Adobe Premiere.

Adobe Premiere for Forensic Video Analysts is a 3-day workshop that assists the investigator in understanding the overall interface of Adobe Premiere as well as the advanced toolset and filters available for examining video evidence. While this powerful tool can be used to edit video files, the focus of this workshop will be on using Adobe Premiere in a forensic video analysis workflow with an emphasis on preserving the original evidence and documenting the steps used to produce results. Topics discussed in this workshop include:

- Understanding the forensic video analysis workflow with Adobe Premiere
- Utilizing Adobe Premiere to create timelines
- Processing techniques that enhance the quality of video evidence
- Methods for redacting video and audio for public release
- Producing derivative evidence and demonstrative products

Overview: This course emphasizes writing narratives in the first person and eliminating unnecessary and distracting police jargon that adds nothing to the quality or value of the report. The emphasis is on writing a report for the audience that will use the information it contains (e.g., prosecutors, courts, arbitrators, and civil officials outside of law enforcement).

Attendees are taught:

- How to apply ten principles for writing factual and straightforward narratives.
- How to improve listening and questioning skills to separate facts from inferences and opinions.
- How to apply basic and simple principles of grammar to produce proper reports. "Measure Performance not Performers"

Students receive a comprehensive course manual that can be used as a job-aid, handouts and certificate of training.

Instructors: Teresa Parker, Compliance Specialist and Training Coordinator for Oregon Liquor Control Commission
Overview: The Field Training and Evaluation Program (FTEP) was first developed in San José in the 1970's. Over the years, agencies have evolved in their process, direction, community service and mission. This program has proven to be legally defensible, flexible and meant to be modified and updated to grow with community expectation, agency growth and updated policies.

During this course you will learn how to implement, modify or update a solid training program for your agency by learning:
- Background of FTEP
- Trainee Orientation
- Evaluating Performance
- Communication Skills
- Adult Learning Theory
- Generational Changes
- Trainer Selection Process
- Liability
- Corrective Training
- FTEP Phases
- Termination
- Ethics as a Trainer

This training will also cover some of the popular philosophies and practices from the similar Police Training Officer (PTO) program, which requires trainees to have ownership in their learning by developing problem-solving skills, self-reflection and emotional intelligence.

Overview: Our 3 day Interview & Interrogation class offers comprehensive practical, psychological, and emotional insight into the dynamics of interpersonal communication. Students will learn behavior analysis skills to increase accuracy in discerning truthful from deceptive verbal and non-verbal responses from people. We explore the art of active listening and how to build rapport with people based on trust. The student will then undergo an extensive step by step walk through of the entire Interview and Interrogation process. Interspersed with the instruction are actual suspect videos dissected and explained by the instructors, practical exercises on up to date interrogation case law, and proven lawful and ethical methods of eliciting truthful information from subjects. Our flagship I&I class is taught by current law enforcement officers practicing and teaching their proven methods from decades of experience.

SEMINAR HIGHLIGHTS

- Behavior Analysis

Instructors: Various SFST and DRE Instructors

Overview: This is a Basic Instructor course with specific focus on the NHTSA SFST curriculum. You will receive the SFST Instructor Manual several weeks before class, and will be expected to have a good working knowledge of the material before attending the SFST IDC. The goal of this course is to teach you how to be a great instructor - NOT to make you an expert on SFSTs or DUII Enforcement.

PREREQUISITES for SFST Instructor Candidates: Must be a full-time law enforcement officer who has completed the NHTSA SFST class. Must have a minimum of 3 years full-time police service.

PREREQUISITES for DRE Instructor Candidates: Must have been a DRE in good standing for at least 4 years and have performed at least 40 enforcement evaluations.

CLASS CAPACITY: There are only 20 spots available for this training.

Prerequisites: see 'Overview'
Registration: SFST Instructor selection will be based on DUII qualification, experience, and geographical area need.

DRE Instructor selection will be based on qualifications, an interview process (scheduled after your registration), and a presentation you will make to a panel. Contact Laura.Steward@state.or.us for more information regarding post-course requirements.

Deadline to register: Applicants must register online and email the required letters to Regional Training by 1200 hours on July 26, 2019. All applicants will be notified of their attendance status after that date.

Pre-registration is required, walk-ins are not permitted. You must receive an email from DPSST confirming you have been registered in order to attend this training.

Class Title: Use of Force Instructor Development Course: 32 hour module
Target Audience: Law enforcement survival skills instructors
Sponsoring Agency: Department of Public Safety Standards and Training

When: 8/5-8/8/2019
Registration Deadline: 8/1/19

Contact: Scott Willadsen; 503.378.6763;mailto:scott.willadsen@state.or.us#

Hours: 0800-1700 all four days
Where: DPSST, 4190 Aumsville Hwy. SE, Salem, OR 97317
Cost: Free. Lunch provided to all.

Instructors: Coordinator: Coordinator Scott Willadsen

Overview: DPSST is offering a 32 hour Use of Force IDC that includes the use of the MILO video simulator system. The focus of this course is on helping instructors prepare officers to use force reasonably. The course will include: case law updates, scientific research relating to the use of force, instructional strategies, and how the use of force relates to procedural justice.

The course will add to a law enforcement instructor’s depth of knowledge in understanding use of force events, both legally and tactically. It will also help participants that are teaching others or evaluating students in making reasonable assessments and decisions during Use of Force incidents. Participants will review case studies utilizing video analysis, group discussion and work group exercises.

This course will also utilize the MILO video simulator to demonstrate and emphasize use of force research and case law. Currently DPSST utilizes the MILO video simulator system but these skills will translate to any use of force video simulator system. The video simulator system will be used to assess and discuss the use of force lessons learned in the classroom. Participants will also learn how to trouble shoot and fix common video simulator issues.

SEE NOTE BELOW

At the end of the 4-day class all participants will be qualified to run and evaluate use of force video scenarios at DPSST.

NOTE: This class DOES NOT replace the DPSST Regional Training program MILO Instructor Course. This class WILL NOT cover system set-up, system take-down, or initial system calibration. If you wish to check out and use a portable MILO video simulator at your home agency you still must attend the regional MILO instructor class.

Pre-Requisites/Considerations:
1. The course will run from 0800 to 1700 hours each day, with a one-hour lunch break. You must attend all four 8-hour days in order to receive credit for the course.
2. This is an advanced course. Participants should be either a current Survival Skills Instructor or plan on becoming an instructor.
3. It is required that this class (or an equivalent) be taken prior to attending a DPSST’s Use of Force (Force-on-Force) Scenario Instructor Development course, previously titled Confrontational Simulation.
4. There is a 16-hour shadow requirement with the course. The shadow hours will be in the Use of

Contact: Sgt. Tim Plummer or Audrey Shipman; OSPDRE@osp.oregon.gov

Hours: 0800-1700
Where: Brookings Police Department, 898 Elk Drive, Brookings, OR
Cost: Free

Instructors: Course Manager: Sgt. Robert Hayes, Albany Police Department

Overview: The Oregon Drug Evaluation and Classification Program (DECP) have received national acclaim for its success in identifying the drug impaired driver. Advanced Roadside Impairment Driving Enforcement (ARIDE) was developed by the National Highway Traffic Safety Administration and created to address the gap between Standardized Field Sobriety Testing (SFST) and the Drug Evaluation and Classification (DEC) Program. ARIDE is a 16-hour curriculum that provides officers with general knowledge related to drug impairment and promotes the use of certified Drug Recognition Experts. Additionally, ARIDE is an intermediate level impaired driving course with an SFST proficiency examination. The student should be fully conversant with the HGN procedural "mechanics" of HGN with the three clues of HGN and with the interpretation of those clues for assessing alcohol impairment. A major focus is on the examination of a drug-impaired suspect's eyes and the procedures of those eye examinations derive largely from HGN procedures. The successful completion of this course does not qualify the student as a Drug Recognition Expert (DRE).

Prerequisites: One year of law enforcement experience. The student registering for ARIDE should be familiar with the extent of the drug impaired driving problem and must have completed the basic Standardized Field Sobriety Testing (SFST), Drugs that Impair Driving, and a recent SFST refresher/update.

Registration: Email Oregon State Police at OSPDRE@osp.oregon.gov. Class size is limited to the first 24 students. **Registration needs to be submitted to Oregon State Police no later than August 16, 2019.**

Attire: August 22 - Agency uniform or business casual (No Jeans) August 23 - Agency uniform or business casual (No Jeans)

Class Needs: Training materials are provided by the Oregon Drug Evaluation and Classification Program.

Overview: The Crisis Intervention Team (CIT) is an innovative first-responder model of police-based crisis intervention with community, health care, and advocacy partnerships. CIT provides law enforcement-based crisis intervention training for assisting those individuals in crisis or with a mental illness, and improves the safety of patrol officers, consumers, family members, and citizens within the community.

CIT is a program that provides the foundation necessary to promote community and statewide solutions to assist individuals in crisis and those with mental illness. The CIT Model reduces both stigma and the need for further involvement with the criminal justice system. CIT provides a forum for effective problem solving regarding the interaction between the criminal justice and mental health care system and creates the context for sustainable change.

Overview: The Oregon Emergency Management Association (OEMA) annual conference is more than just a conference. It’s a community of professionals who experience the same challenges and seek the same solutions you do. Not only will you have access to expert industry speakers and exhibitors, but other attendees are an excellent resource for discussion about what you’re experiencing and how they are dealing with it or overcame it.

By the numbers:
- 54 industry leading speakers to listen to
- 18 tantalizing breakout sessions to choose from
- 2 invigorating training sessions to attend
- 1 is the only choice you have for deciding to register for this year’s conference

A mere sampling of some of the great presentations you will hear:

Keynote Speaker Dr. Lucy Jones will discuss What the History of Natural Disasters Can Tell Us About Our Future. Dr. Jones is a Climatologist and a renowned author.

Michael O’Hare with FEMA Region X will participate on a panel presentation for how the government plans to engage and support the private sector during a large incident.

Jay Wilson brings together a team of industry experts to talk about the nexus between seismic risk and climate change adaptation: examining Oregon’s critical energy infrastructure hub

Overview:

In response to the interest of our members, the theme of this year’s conference is critical infrastructure. The nation’s critical infrastructure, 80% of which is owned by the private sector, supports community lifelines and is essential to successful response and recovery.

The Conference Planning Committee is soliciting submissions for first-rate presentations on the newest and best practices in all phases of emergency management. The annual conference draws approximately 175 attendees, comprised of Emergency Managers from state and local governments, non-profit agencies, and the business community. In addition, there may be elected officials, federal agency representatives, and representatives of volunteer associations. Please consider sharing your expertise and knowledge!

The deadline for submission applications is May 1. Find an application and more information here: https://groupconcepts.formstack.com/forms/oema_speaker_application_copy

Hours: 0800-1700

Where: MCSO Training Facility, 2955 NE 172nd Pl, Portland, OR 97230

Cost: $545 per person

Instructors: Presented by Crisis Systems Management, LLC

Overview: The Crisis/Hostage Negotiation Course (Level II/Intermediate) will further enhance the knowledge and skills acquired in Crisis Hostage Negotiation - Level I Basic Course, or its 40-hour equivalent. This course meets all NCNA standards.

The course begins with a contemporary look at subject precipitated homicide and suicide-by-cop as one of the most dangerous risks facing law enforcement. Providing students with a road map for an integrated intervention strategy, students will learn the elements of a deliberate crisis negotiation strategy based on an established structure placing emphasis on frequent risk assessments.

Situations that create unique challenges for law enforcement, such as jumpers from bridges, cell towers and overpasses, will be among the advanced concepts discussed. In a continued discussion of abnormal psychology, additional mental health disorders as they relate to crisis negotiation, including depression, bipolar disorder and schizophrenia, will be discussed. Students will learn how to interpret the behavior of hostages while in captivity and techniques to use when dealing with them directly. Students will also learn how to conduct effective post release/escape debriefings.

The collaborative effort between the crisis negotiation team and the tactical team is essential to mission success. Safety and security issues, operating in a tactical environment and developing a unified strategy are among the topics discussed. Challenging, team-oriented, scenario-driven practical exercises are an integral part of the course and will allow students the opportunity to practice and refine both individual and team-building skills. This course is not recommended for students with no prior crisis negotiation training.

Topics Include:
Subject Precipitated Homicide
Developing a Deliberate Strategy
High Element Negotiation
Using Third Party Intermediaries
Using Interpreters
Advanced Communication Techniques
Abnormal Psychology
The Hostage Experience
Tactical Considerations in Crisis Negotiation

Overview: The Crisis/Hostage Negotiation Course Level III (Advanced) will further enhance the knowledge and skills acquired in Crisis/Hostage Negotiation - Level I (Basic) Course or its 40-hour equivalent and Crisis Hostage Negotiation Level II (Intermediate) or its 40-hour equivalent.

Third in a series of three progressive courses, this course prepares students for the most complex and challenging aspects of crisis negotiation - leading crisis negotiation teams and managing crisis incidents.

The course begins with policy development for crisis negotiation teams wherein students will learn critical elements of a legally sound crisis negotiation policy. Students will learn how to prepare selection policy, write oral boards, select applicants based on crisis negotiation core competencies, and reduce turnover on crisis negotiation teams.

Students will learn how to prepare case studies for presentation for in-service training as well as regional and state association conferences. Students will also learn how to plan, facilitate, and evaluate scenario-driven training in both team and organizational environments.

Every crisis negotiation team with a corrections facility within their jurisdiction must be prepared for negotiating with inmates. Students will learn inherent differences between the corrections environment and the community with regard to technique and strategy.

Each student will also participate as a member of a small group, responsible for developing and presenting projects in one of five topic areas: Case study preparation, team selection, training facilitation, scenario writing, or policy development.

TOPICS INCLUDE:
- Developing Policy for Crisis Negotiation
- Recruiting, Selecting, and Training Negotiators
- Planning, Facilitating, and Evaluating Scenario-driven Training
- Developing and Presenting Case Studies
- Conducting Operational Debriefings
- 20 Hacks for CNT
- Advocacy for Crisis Negotiation in a Modern Policing Environment

Instructors: JD Edwards, various other instructors according to topic

Overview: This three day course targets individuals within law enforcement agencies willing to help facilitate an environment of improved wellness. Over the course of three days participants will be exposed to the elements needed to design and implement fitness programs at their agencies. The programs’ insertion is intended to benefit the entire agency. This course will focus on training programs, not an individual’s training needs. Training will include both classroom and hand-on sessions.

Some of the topics to be covered:
- Starting a Program, Recruiting Participants and Generating Interest
- Breathing for Performance
- On-Duty Nutrition
- Developing a Diet Plan
- Group Workout Development
- Training without Equipment
- Lifting Techniques
- Cross-Training Components of Fitness
- Creating Assessments

Individuals completing this course will be able to return to their agency with the tools needed to begin implementing agency-wide programs. These individuals will also have access to DPSST personnel to aid in the development of programs to promote wellness among law enforcement officers.

Prerequisites: A desire to improve officer wellness at your agency. Some knowledge of fitness and nutrition would be helpful, but not required.

Registration: DEADLINE TO REGISTER: August 13, 2019. Registration may close before August 13 if a significant number of applications are received.

Overview: Region 5 Fall 2019 Seminar - RETIRED CHIEF KENT WILLIAMS - PERSONAL & PROFESSIONAL BREAKTHROUGHS FOR POLICE OFFICERS

Kent Williams is the owner of Breach Point Consulting and has been involved in law enforcement as a police officer for over 32 years, where he recently retired as Chief of Police for a Chicago area police department.

Through the development of Breach Point Consulting he has launched several courses, seminars and programs being taught on a national level, based upon the principles of Servant Leadership and how simple shifts in organizational perspective can profoundly reduce the stress, frustration and open anger expressed throughout the typical law enforcement agency. Chief Williams has been teaching leaders how to negate the toxic work climate which can be caused by what he has termed "The Universal Police Frustrations." These misunderstood stressors are created by the unique combinations of an effective police personality coupled with an efficient police culture. The mix if not fully understood can be very destructive to an agency’s morale and reputation. It predictably places officers at risk for failed careers, marriages and relationships.

These efforts have led to ground breaking ways agencies can create healthier more productive and loyal work groups who remain highly dedicated throughout their careers. These principles have been assisting officer themselves create a deeper more meaningful vocation and developing a harmonious and rewarding personal life away from their career. His work on the predictable transitional issues confronting the police officer’s family has led to speaking engagements designed to keep the family of a police officer emotionally and spiritually healthy.

In a chaotic and unpredictable world of plummeting moral standards our nation’s police officers are facing stressors that can have predictable and profoundly negative impact upon their lives, careers and families. This seminar will assist those attending in gaining a distinctly different perspective on the unique and potentially problematic consequences of performing well within a law enforcement culture. Officers, Sergeants and those who assist them will reflect upon the traumas and triumphs associated with modern law enforcement and how these influence the pivotal balance between professional and personal relationships.

An experienced law enforcement executive and educator will guide law enforcement personnel in understanding a variety of best practice approaches in addressing these issues. A theme of personal

Instructors: Mike Shertz, MD, FACEP, 18D

Overview: This engaging 7.5-hour course prepares for the first few minutes of casualty evaluation in a high-risk environment. This course is designed to give you a plan to identify and manage those immediately life-threatening injuries and the knowledge and skills to implement it, while you are still engaged in an ongoing tactical problem.

The course largely deals with the Care Under Fire - Direct Threat phase of an event, where any medical care is provided while the responder and casualty are in an ongoing situation that is a direct threat to life (active shooter or active violent incident, building collapse, fire, secondary explosives, etc). This phase requires efficient hemorrhage control, largely with tourniquets, and patient movement.

Sponsoring Agency: DPSST

When: 8/23/2019
Registration Deadline: 8/15/19
Contact: Chris Enquist, DPSST; cenquist@dpsst.state.or.us

Hours: 0800-1700
Where: DPSST, 4190 Aumsville Hwy SE, Salem, OR 97317
Cost: Free. Lunch provided to all.

Instructors: DPSST Training Staff

Overview: DPSST is utilizing 88Tactical's Tactical Medicine (TacMed) Course. This course combines both live fire and tactical medicine exercises in a one-day, 10-hour class. The curriculum, in accordance with the Principle Guidelines of Instruction set by the Committee for Tactical Emergency Casualty Care, covers the fundamentals of tactical medicine, the use of a basic trauma kit, treating hemorrhage, chest trauma, and other life-threatening injuries. This course also covers fighting to get to the wounded, fighting while wounded, performing rapid patient assessment and treatment while under duress.

The course will begin with a classroom component covering LE TacMed concepts. This portion will consist of instruction supported by application workshops. After lunch, we will transition out to the range and add a layer of single-hand weapons drills to support practical application of TacMed skills. By the end of the day, we'll incorporate both skill sets together in some comprehensive drills.

Students should come prepared to be attentive and participate. The course will begin with a review of fundamentals and gradually build toward supporting students in acquiring complex skills. Students of any prior skill set will gain or reinforce skills during this class.

Prerequisites: In good standing with agency and currently qualified with a handgun.

Registration: Deadline to register: August 15, 2019. Register online at: https://forms.gle/Vt4SXSD7z5xaJcPT7

Attire: Depending on training venue we may utilize moulage (fake blood) during some of the practical application workshops, dress accordingly.

Class Needs: Eye and ear protection, body armor, semi-automatic pistol with a "ledge" so that the slide can be manipulated on your belt, holster, or pocket, 2-3 magazines, serviceable holster and magazine carry pouches, note taking gear, sack lunch and water. ***DPSST will supply all ammunition for this training***

Lodging: Lunch provided to all. Shared dorm room lodging is available at the academy at no charge if you are traveling over 75 miles one-way. All meals will be provided to those who stay overnight at the academy. If you would like to request dorm room housing (AFTER you receive an e-mail confirming you have been registered for the class), please contact Rebecca Nolte at rebecca.nolte@state.or.us or 503.378.4399 no later than August 15, 2019.

11/18-11/19/2019

Class Title: Operation R.U.S.H.

Target Audience: All patrol officers and deputies, detectives and anyone interested in criminal interdiction.

Sponsoring Agency: OPOA and the Yamhill County Sheriff’s Office

When: 11/18-11/19/2019

Registration Deadline:

Contact: Avena Glock; 971-218-7161; #mailto:training1@opoa.info#

Hours: Day 1: 1300-2100 (1230 check-in) Day 2: 0800-1600

Where: Yamhill County Fairgrounds, Leslie Lewis Pavilion, 2070 NE Lafayette Ave., McMinnville, OR 97128

Cost: $225 non-members, $200 for members

Instructors: Joe Keil, Operation R.U.S.H.

Overview: Operation RUSH is a two-day criminal interdiction course which breaks down traffic stops into segments consisting of initial violation, location of stop and stopping sequence, exterior and interior indicators, legal options, roadside interviews, arrest and documentation. There is also hands-on vehicle searches in which vehicles are setup with the most up-to-date indicators and finds. K9 officers are encouraged to attend with their partners.

Every traffic stop is a story waiting to be told. From drug arrests to warrants to robbery suspects to serial killers all these suspects have been arrested during traffic stops. Criminals are most vulnerable while in transit, going from point A to point B. How will you write the pages of your story?

This class is designed to help you look beyond the traffic stop and recognize indicators of criminal activity such as paraphernalia associated with each type of drug. For example, the meaning of a bent paperclip or a twist tie and its relation to opiate use, in addition to understanding clothing like SRH, No Bad Idea, and many more.

Class Title: Ballistic Shield Instructor Development Course

Target Audience: Agency Firearm Instructor

Sponsoring Agency: DPSST

When: 8/27-8/29/2019

Registration Deadline: 8/19/19

Contact: Noel Aher DPSST Firearms Coord.; 971 718 6503; naher@dpsst.state.or.us

Hours: 0800-1700

Where: 8383 Agate Rd, White City, OR (Classroom and meeting point day one. Range address will be provided to participants who do not have access to a shield must contact DPSST Firearms Program Coordinator Noel AHER naher@dpsst.state.or.us 971 718 6503 prior to enrolling in the class to confirm availability.

Instructors: DPSST Staff

Overview: The ballistic shield has been traditionally reserved for use by specialist teams, and there is very good reason that they choose to deploy them. As the expectation grows for front line officers to push forward and deal with events that would in days gone by require a ‘swat’ response the equipment we provide to those officers has changed dramatically. Although ballistic shields are more likely than ever before to be made available to patrol officers, the training available for their use has remained scarce. This 24 hour training class will introduce the concepts for use and training others in effective practical deployment of a ballistic shield by a lone patrol officer, or a small group.

Participants will complete and teach live fire range drills & take part in force on force scenario training.

DPSST may be able to supply a limited number of shields for use during the class, participants who do not have access to a shield must contact DPSST Firearms Program Coordinator Noel AHER naher@dpsst.state.or.us 971 718 6503 prior to enrolling in the class to confirm availability.

Prerequisites: This is an advanced level class for existing firearms instructors. Attendees must be proficient in handgun operation and manipulation. Failure to safely operate a firearm at any time during this class will result in immediate removal from the course.

Registration: Deadline to Register: 17:00 19 August 2019. Apply now if you are interested we may stop accepting applications at any time. Applications will be taken on a first-come, first-served basis. Limit one application per agency to start. Register online at: https://forms.gle/8Nfw6dqyHW6JcVEHA Registration questions contact Jennifer, DPSST, jennifer.otterlee@state.or.us

Attire: Comfortable range clothing to include eye protection and ear protection, a brimmed hat. Long sleeves are recommended each day. The majority of the class will be on an outdoor range, with the force on force component completed indoors and outdoors. Gloves and groin protection are recommended for the force on force component.

Class Needs: Ballistic shield. A reliable semi-automatic duty handgun chambered in either 9mm, .40cal, 45acp or .357 sig. A duty type holster, belt, magazine carriers with a minimum of 3 magazines, ballistic vest, brimmed hat, eye protection. Knee & elbow pads and gloves are optional. Pen and note taking material, snacks and a water bottle.

Lodging: Not provided. Responsibility of student/student’s agency.

Death Investigation

7/29-7/30/2019

Class Title: Aquatic Death & Homicidal Drowning Investigations
Target Audience: All law enforcement, search and rescue, district attorneys, medical and deputy medical examiners, fire and EMS personnel, underwater rescue/recovery teams.

Sponsoring Agency: OPOA and Salem Police Department

When: 7/29-7/30/2019

Registration Deadline:

Contact: Avena Glock; 971-218-7161; training1@opoa.info

Hours: 0800-1700 (0730 check-in)

Where: Chemeketa-Brooks Regional Training Center, 4910 Brooklake Rd. NE, Brooks, OR 97305

Cost: $225 OPOA member or $250 non-member

Instructors: Team Lifeguard Systems, Inc.

Overview: While water related deaths out number fire related deaths by a factor of eight to one, there is very little law enforcement training that focuses specifically on aquatic death. Drowning is the eighth leading cause of death among all homicides, its rank would likely be significantly higher if more drowning deaths were investigated as possible foul play. The typical first thought when you hear "drowning" is that it was an accident. This course is designed to identify the "red flags" of a drowning case which would lead an investigator to prove the event is a homicide and not accidental.

-How to prepare the mind set of responding officers
-What to do upon arrival on a drowning scene
-Water specific witness interviewing and statement analysis
-Preservation of possible water crime scenes
-What happens to bodies and other evidence underwater
-Was it not there, or did the dive team just miss it
-Aquatic Sexual Sadism & Aquatic Erotic Asphyxia
-Case History Reviews
-Submerged Evidence processing
-Indications of homicide by drowning
-Post-mortem physiology with examination of forensic slides
-Court ready documentation of the scene
-Protect individual and department liability when perpetrators attempt to escape police by way of water, and the perpetrator drowns.

Overview: The primary purposes of Highway Drug Investigations are to detect, interdict, and disrupt the continual flow of illicit drugs on the nation’s highways. It is where the struggle for superiority of the nation’s highways takes place; a contest between uniformed police officers and the most prolific and dangerous illicit drug traffickers in the world (i.e., Transnational Drug Trafficking Organizations). Emphasis is placed on Mexican drug trafficking organizations, the smuggling routes, transportation corridors, and distribution networks in the United States. Confronting the threat to national security, highway drug interdiction operatives stand as the vanguard in the nation’s second line of defense against those who would export illicit activity, lawlessness, violence, and corruption into the country.

Moreover, comprehensive post-interdiction investigative methods and techniques are emphasized in order to further identify and debilitate ongoing illicit drug-trafficking schemes that have a nexus to highway drug interdiction stops (e.g., conspiracy investigations, government controlled deliveries of contraband, and other investigative methodologies designed to advance a criminal investigation).

COURSE OBJECTIVE
- Modus operandi of drug trafficking organizations
- Detection of drug-laden vehicles
- Weapons trafficking
- Vehicular contraband concealment
- Gathering of strategic drug intelligence
- Bulk currency seizures and investigations
- Effective strategies designed to disrupt the use of the nation’s highway as a delivery/profit gaining system for illicit drugs and weapons

Prerequisites:

Registration: The course venue is being paid for by the Oregon-Idaho Training Initiative. Students will be responsible for associated travel, lodging and meal expenses. The course is limited to 50 students.
