Statement on Secretary of State Dennis Richardson

Kate Brown
Governor

Statement from Oregon Department of State Lands Director Vicki Walker:

Dennis Richardson
Secretary of State

Throughout Secretary Richardson's time on the State Land Board, he persistently sought to preserve Oregon's Common School Fund legacy by advocating for actions that would most benefit Oregonians and their public schools.

Tobias Read
State Treasurer

Secretary Richardson's expectations of accountable government raised the bar for the service provided by the Department of State Lands and state government. His dedication to good government set an example for us all, and he will be greatly missed.
