

Lincoln County. ODFW's regulations at Whale Cove prohibit harvest of both marine invertebrates and fish (OAR 635-005-0260). No collection of marine plants is allowed within the ocean shore in these areas, except by scientific research permit from OPRD (OAR 736-020-0003).

Blacklock Point Marine Conservation Area

The goals for the Blacklock Point Marine Conservation area are:

1. Educate, monitor, and apply adaptive, ecosystem-based management to conserve the ecological structure, function, and resiliency of nearshore rocky habitat species facing effects of changing climate.
2. Allow for continued legal sustainable human uses of their goods, services, and resources including fisheries, using non-regulatory management measures.
3. To provide long-term ecological, economic, and social benefits for current and future generations on Oregon's south coast.

There are no changes to the existing statewide harvest regulations for fish, invertebrates, or marine plants.
