RE: **New Lands Creation, Public Comment Period: Application 64749-LS**

Tobias Read

State Treasurer

The Department of State Lands has statutory jurisdiction over submerged and submersible lands of all navigable streams and lakes of the State of Oregon and may use and dispose of those submerged and submersible lands as provided by law. Pursuant to ORS 274.920, the Department may approve the creation of **new lands** upon submersible or submerged lands owned by the state. The State Land Board, by and through the Department of State Lands, is responsible for the management and disposition of these newly created state-owned lands.

This is to inform you that a public comment period is opening for an application requesting to create new lands within the State-owned waterway of the Columbia River in Clatsop County: **Approximately 1.5 acres of fill to be created adjacent to:**

**Township 08 North, Range 09 West, Section 13, Tax Lot 100**

The new land is being requested by The Port of Astoria to rehabilitate and improve the Ports' Pier 2 West. Pier 2 West has been rated as "Urgent" or "Critical" by the Oregon Department of Transportation, according to the Port of Astoria and in need of rehabilitation. The Department will collect public comments on the application to create new lands until 5:00 PM on January 1, 2024.
