MEMORANDUM

To: Agency IT leaders 

From: Terrence Woods, State Chief Information Officer

Date: April 20, 2026

Subject: Statewide policy 107-004-052 update

Statewide policy 107-004-052 (Cyber and Information Security) was updated effective February 17, 2026 to include a section regarding the disallowance of offshore and foreign services.

This section (4) is temporarily paused to allow the continuance of procurement activities, though IT investments must still have customary reviews as part of the IT oversight policy.

Agencies should continue to gather information on existing services to submit to Cyber Security Services.

Updates to the policy and procedures are in process and will be forthcoming soon.
