

CSS Assessment Schedule for 2025-2027 Biennium

Cyber Security assessments required under ORS 276A.203(4)(g), ORS 276A.300(3) and 276A.306(3), are a shared responsibility of EIS and executive branch agencies, boards, and commissions.

The Cybersecurity Assessment Team conducts assessments of the Center for Internet Security (CIS) Controls – focusing on [Implementation Group 1 \(IG1\)](#). In addition, the Cyber Security Assessment Team works with agencies to customize the assessment scope to meet the ever-changing operating environment of the enterprise. Additional information on the CIS Controls may be found at <https://www.cisecurity.org/controls/cis-controls-list>.

NOTE: Names followed by a bold acronym in parenthesis (e.g. (DAS IT)) use a shared IT Service Provider and will be assessed together.
