

September 2025 Issue

Oregon Statewide Imagery Program Long-Term Funding Strategy

EIS contracted with The Sanborn Map Company, Inc. to develop a [Long-Term Funding Strategy for the Oregon Statewide Imagery Program \(OSIP\)](#).

Sanborn's project team attended July's meeting and present their findings to OGIC. Slides from Sanborn's presentation will be made available with the meeting minutes.

2024 OSIP Imagery

OSIP is proud to announce Oregon's 2024 Imagery is now available!

[Web Mercator Cache \(GEOHub\)](#)
[State Lambert Mosaic \(GEOHub\)](#)

More information about OSIP can be found on [GEOHub](#).

Quarterly OGIC Meeting Recap

In July, OGIC held its third quarterly council meeting of 2025. July's council meeting was held virtually. The [meeting packet](#) and [recording](#) are available online.

Meeting Actions

OGIC voted and approved one (1) item during the quarterly council meeting:

Public Body Data Sharing

OGIC's Data Sharing and Governance committee continues to consult with agencies regarding Framework data elements. Three (3) agencies have successfully completed consultation as outlined in [OGIC's Administrative Process and Procedures to Implement ORS 276A.509](#).

Oregon Department of Fish and Wildlife, Oregon Department Transportation, and Oregon State Fire Marshall's Office completed the consultation and accounted for 18 Framework data elements that OGIC designated for Public Body Data Sharing with a unanimous vote.

Oregon's Framework Program currently consists of 168 data elements. Currently OGIC has completed consultation with 49 data elements; further coordination is required for 84 data elements; and 35 data elements are exempt from OGIC's process.

For general questions regarding OGIC or the newsletter, reach out to Melissa Foltz at melissa.foltz@das.oregon.gov.

Newsletter

OGIC Membership

Interested in becoming an OGIC Member? OGIC is looking for members to represent the following communities:
