SECTION 2. PROGRAM AND POSITION INFORMATION

a. Describe the program in which this position exists. Include program purpose, who's affected, size, and scope. Include relationship to agency mission.

The Oregon Department of Energy's vision is to lead Oregon to a safe, equitable, clean, and sustainable future. ODOE helps Oregonians make informed decisions and maintain a resilient and affordable energy system. We advance solutions to shape an equitable clean energy transition, protect the environment and public health, and responsibly balance energy needs and impacts for current and future generations. ODOE helps Oregonians improve the energy efficiency of their homes, provides policy expertise to prepare for Oregon's future energy needs, staffs the Energy Facility Siting Council, provides technical and financial assistance to encourage investments in energy efficiency and renewable energy resources, represents Oregon's interests in the cleanup of the Hanford nuclear site, and ensures state preparedness to respond to energy-related emergencies. ODOE employs approximately 123 employees and is funded with revenue from more than 30 sources, including \$55.6 million in general funds, \$108.3 million in other funds, \$9.3 million in federal funds, \$1.4 million in lottery funds debt service, and \$29.4 million in non-limited loan program and debt service funds.

The Energy Development Services (EDS) Division administers grant programs to tribes, businesses, households, nonprofits, and the public sector to help Oregonians implement conservation, energy efficiency, resilience, and renewable energy projects. Current programs include the Solar + Storage Rebate Program, the Community Renewable Energy Grant Program, Energy Efficient Wildfire Rebuilding Program, two heat pump programs, and Grid Resilience Program. This Division also includes the Small-Scale Energy Loan Program, which includes a portfolio of energy-related projects across

the State but is not currently lending. The Division is also responsible for overseeing the close-out of legacy incentive programs and related projects.

b. Describe the primary purpose of this position, and how it functions within this program. Complete this statement. The primary purpose of this position is to:
