AGENDA

9:00 Welcome and Introductions

9:15 Topic 1: Threshold Concentrations

The department will provide an overview of OAR 345-050-0020 to 345-050-0030, which provide the existing standards for determining if a material is considered "radioactive waste" under ORS 469.300. RAC members will be asked to provide feedback and ideas regarding potential revisions, and if possible, specific exemptions and concentrations alternatives for consideration.

10:30 Break

10:40 Topic 2: Waste Determination/Disposal Process and Timeline

The Department will present on the process and timeline for determining whether a material qualifies as radioactive waste by rule, as well as the process and example timeline for disposing any subsequent radioactive wastes out of state. RAC members will be asked for feedback on the process, and specifically regarding the appropriateness and potential alternatives to the "seven-day rule" contained in OAR 345-050-0006.

11:55 Next Steps and Adjournment
